

The Associate in Arts Degree

University Parallel

The College offers a two-year program leading to the Associate in Arts (AA) degree. Usually referred to as the University Parallel, or Transfer Program, it is designed for students who plan to complete their first two years of college work at Florida Community College at Jacksonville and then transfer as juniors to senior institutions of their choice.

The specific programs of study of a given major should be worked out individually between the student and the counselor soon after the student enrolls at Florida Community College at Jacksonville. Earned credits in a University Parallel study are transferable to senior institutions and applicable toward a bachelor's degree.

In planning a program at Florida Community College at Jacksonville, the student should be certain to meet the General Education Requirements for the Associate in Arts degree and complete a program of at least 62 semester hours comprised of courses designated as either college parallel (P) or dual purpose (D). (*Occupational courses do not count toward an Associate in Arts degree.*) Also, the Associate in Arts degree cannot include more than four one-semester hour courses in physical education and four one-semester hour courses from music, speech and drama activity courses as described under Conditions (1) and (2) on page 24.

Within these 62 semester hours, the student should be certain to fulfill the pre-major course requirements for the major which the student intends to take at the university the student plans to attend.

Any student transferring to a senior institution from Florida Community College at Jacksonville is advised to write the registrar of that university for information concerning special course requirements that should be met while attending Florida Community College at Jacksonville. *These requirements vary from university to university; thus, specific programs of study for a given major at a given university should be worked out individually by the student and an advisor or counselor soon after the student enrolls at the college.* To maximize transferability, the student is advised to choose a major as early as possible while at Florida Community College at Jacksonville.

Any student transferring with the Associate in Arts degree is guaranteed the transferability of credits earned toward that degree and junior-level standing by the State Articulation Agreement. A student transferring prior to receipt of the AA degree is not assured of such status. A student transferring prior to receipt of the AA degree may not receive acceptance of credits earned in courses with less than a "C" grade.

The counselors in the office of Student Affairs on each campus have counseling manuals provided by each state university in Florida, which list courses to be taken at the junior college for each undergraduate major the university offers. Using these manuals, as well as catalogs from the universities, the counselor or advisor will work out a program of study at Florida Community College at Jacksonville for the student. The student has the responsibility for making contact with a counselor or advisor in the office of Student Development to work out the student's program of study at FCCJ.

Fields of Study

A University Parallel program of study can be designed in the Associate in Arts degree to prepare for an upper-division university major in a variety of fields. A partial list is as follows:

Accounting
Advertising
Agriculture
Anthropology
Architecture
Art/Art Education
Business Administration
Chemistry
Computer and Information Science
Criminal Justice
Drafting
Drama/Theatre Arts
Economics
Education
Engineering
English/Literature
Foreign Languages
Forestry
Geography
Health Education/Recreation
History
International Studies
Marine Science
Mass Communications/Journalism
Mathematics/Statistics
Music/Music Education
Natural Sciences
Philosophy
Physical Education
Physics
Political Science
Psychology
Public Administration
Religion
Social Sciences
Sociology
Speech Communication

The foundation courses are available, through the Associate in Arts degree, for advanced degree programs in the following fields:

Dentistry
Law
Medicine
Optometry
Pharmacy
Veterinary Medicine

Graduation Requirements

In order to be awarded the Associate in Arts degree, the student must have met the following requirements:

1. Earned a Florida Community College at Jacksonville cumulative grade point average of 2.00 (C) on courses which comprise the Associate in Arts degree program.
2. Earned an all-college cumulative grade point average of 2.00 (C) on courses, including transferred credits, which comprise the Associate in Arts degree program.
3. Earned at least a grade of "C" in each course used to satisfy the General Education Requirements Areas II Humanities, III Mathematics, and V Communications.
4. Completed in residence at Florida Community College at Jacksonville at least 15 semester hours of the total of 62 semester hours required for the degree.
5. Completed 62 semester hours of college credit work as follows:
 - a. Completed the General Education Requirements (36 semester hours) set forth on pages 22 through 24 of this catalog. (The assistant dean of instruction may, when appropriate, approve a course not listed under the General Education Requirements of the Associate in Arts degree to count towards that requirement.)
 - b. Completed the elective requirements (26 semester hours) set forth on page 24 of this catalog.
6. Completed requirements of the College-Level Academic Skills Test (CLAST), a college-level communication and computation skills test required by the state (refer to Testing Services section for details), including satisfactory scores as specified by the State Board of Education and the District Board of Trustees.

Before a student may graduate, the student must have fulfilled all financial obligations to the college.

Note: Students are cautioned to pay particular attention to the following:

- a. A student's graduation date will be the date at the end of the college term in which the student completes the academic requirements for the degree or certificate for which the student is an applicant. (The removal of an incomplete grade does not affect a student's graduation date, since the grade change is effective as of the end of the term in which the incomplete grade was assigned rather than the term in which the incomplete work was made up.)
- b. If a student expects to complete the course work under the terms of the catalog in effect during the term of the student's first registration, the student must graduate within four years after the year of first registration in a college credit program. Accordingly, a student who enters under this catalog must graduate by the end of the Summer Term 1992, or the student will be expected to meet the requirements of subsequent years. Changes to requirements as may be mandated by law or by rule of the District Board of Trustees may supersede this provision.
- c. Refer to the conditions on page 24 of this catalog concerning acceptable credits to meet degree requirements.
- d. Some of the courses listed in the options for the General Education Requirements are intended for students majoring or specializing in the discipline. Students are advised to review the course descriptions.
- e. Many courses in this catalog have prerequisite requirements and/or prerequisite courses listed in the course descriptions. Students are advised to be guided by these requirements.
- f. Students who fall below a designated entry-placement

cutoff score for reading will be required to take REA 1105 (College Reading Techniques) as a college credit elective course.

General Education Requirements

General Education, as conceived at Florida Community College at Jacksonville, is concerned with developing responsible citizenship in a democratic society. The General Education core is formulated to develop skills, attitudes, and understanding in broad discipline areas: the social sciences, humanities, natural sciences, mathematics, and communications.

1. The General Education core for the Associate in Arts degree consists of a minimum of 36 semester hours of course work. These 36 semester hours are part of the minimum of 62 semester hours required for the Associate in Arts degree.
2. The following subject areas shall be included in the program in the manner specified:

I. SOCIAL SCIENCE..... 6 semester hours

The social science courses lead to an understanding and appreciation of our cultural heritage, whether ancient or modern, Eastern or Western, humanistic or technological. These courses of study seek to appreciate the values of civilization in its many parts. The courses in social sciences enable students to develop their creative and analytical powers and encourage flexible thinking necessary to live in a world of continuing change.

- A. Three semester hours from any of the following:
 - AMH 2010 UNITED STATES HISTORY TO 1865
 - EUH 1001 WESTERN CIVILIZATION FROM 1715 TO THE PRESENT
 - POS 2041 AMERICAN FEDERAL GOVERNMENT
 - SSI 1120 ORIGINS OF AMERICAN SOCIETY (ECONOMIC, POLITICAL AND INTERNATIONAL INSTITUTIONS)
- B. Three semester hours from any of the following.
 - AMH 2020 UNITED STATES HISTORY FROM 1865 TO PRESENT
 - AMH 2070 HISTORY OF FLORIDA
 - AMH 2092 AFRO-AMERICAN HISTORY AND CULTURE (FROM AFRICAN ORIGINS THROUGH RECONSTRUCTION)
 - AMH 2093 AFRO-AMERICAN HISTORY AND CULTURE (FROM WORLD WAR I TO THE PRESENT)
 - ANT 2410 CULTURAL ANTHROPOLOGY
 - ANT 2511 PHYSICAL ANTHROPOLOGY
 - ASH 2005 HISTORY OF THE FAR EAST
 - CPO 2002 INTRODUCTION TO COMPARATIVE GOVERNMENT
 - DEP 2004 HUMAN GROWTH AND DEVELOPMENT
 - DEP 2102 CHILD PSYCHOLOGY
 - DEP 2302 ADOLESCENT PSYCHOLOGY
 - DEP 2401 ADULT PSYCHOLOGY
 - ECO 2000 FOUNDATIONS OF THE AMERICAN ECONOMY
 - ECO 2013 PRINCIPLES OF ECONOMICS I
 - ECO 2023 PRINCIPLES OF ECONOMICS II
 - EDP 2002 EDUCATIONAL PSYCHOLOGY
 - EUH 1000 WESTERN CIVILIZATION THROUGH 1715
 - GEA 1000 WORLD GEOGRAPHY

GEO 2570 CONSERVATION OF RESOURCES
 HSC 1100 PERSONAL AND COMMUNITY HEALTH
 HIS 1907 HONORS SURVEY OF HISTORY
 INR 2002 INTERNATIONAL RELATIONS
 LAH 2000 HISTORY OF THE AMERICAS
 POS 2112 STATE AND LOCAL GOVERNMENT
 PSY 1012 GENERAL PSYCHOLOGY
 SOP 1002 HUMAN RELATIONS
 SOP 1502 DYNAMICS OF BEHAVIOR
 SSI 1110 ORIGINS OF AMERICAN SOCIETY (CULTURE,
 PRIMARY INSTITUTIONS AND PERSONAL
 ADJUSTMENTS)
 SYG 2000 INTRODUCTORY SOCIOLOGY
 SYG 2010 SOCIAL PROBLEMS
 SYG 2430 MARRIAGE AND FAMILY

II. HUMANITIES 6 semester hours

The humanities courses form a core of interrelated studies designed to help individuals make informed aesthetic and ethical judgments about creative contributions of diverse world cultures and to active reading and writing competencies essential for an educated person in an increasingly specialized society. The courses are intended to provide individuals a contact with a breadth of ideas beyond the narrow confines of specialized training.

A. Six semester hours from the following courses will satisfy humanities requirements. The courses are broad in nature, enabling individuals to explore connections and relationships among various humanities disciplines and to provide a general overview for other humanities courses listed in Category B.

HUM 2211 HUMANITIES: THE FOUNDATIONS
 HUM 2236 HUMANITIES: MAINSTREAMS OF
 CULTURES, 15th TO 20th CENTURY OR
 HUM 2020 HUMANITIES FORUM
 HUM 2251 HUMANITIES: 20th CENTURY CULTURAL
 HUM 2410 HUMANITIES OF ASIA
 HUM 2450 HUMANITIES IN THE AMERICAS
 OR

B. Three semester hours from the foregoing Category A and three semester hours from any of the following courses in this category which provide individuals contact with more specific topics of study in the humanities. However, like courses in Category A, these are broad rather than narrow in scope.

ARH 1000 ART APPRECIATION
 ARH 2050 ART HISTORY I
 ARH 2051 ART HISTORY II
 FIL 1000 THE MOVIES AS ART
 HUM 2472 INTERCULTURAL EXPLORATIONS
 HUMA 1740 OVERSEAS HUMANITIES
 LIT 2100 GREAT IDEAS IN WORLD LITERATURE
 MUH 2110 SURVEY OF MUSIC HISTORY
 MUI 1011 MUSIC APPRECIATION
 PHI 2010 INTRODUCTION TO PHILOSOPHY
 PHI 2600 MORAL AND POLITICAL PHILOSOPHY
 REL 2300 WORLD RELIGIONS
 THE 1000 INTRODUCTION TO THEATRE

III. NATURAL SCIENCE 6 semester hours

The natural science courses are intended to provide a basic knowledge of biological and physical science by offering students the opportunity to become acquainted with the basic concepts, language, and problem-solving skills necessary to scientific inquiry. The courses

provide a fundamental basis for the developing relationship between the natural science and the other academic disciplines necessary for universal understanding and survival.

A minimum of six semester hours from the courses listed below:

*BIOLOGICAL SCIENCE
 APB 1150 LIFE IN ITS BIOLOGICAL ENVIRONMENT
 APB 2190C HUMAN ANATOMY AND PHYSIOLOGY I
 APB 2191C HUMAN ANATOMY AND PHYSIOLOGY II
 BOT 1010C BOTANY
 BSC 2010C PRINCIPLES OF BIOLOGY I
 ISC 1000 UNIFIED SCIENCE
 MCB 2013C MICROBIOLOGY
 PCB 2030 ECOLOGICAL CRISES
 ZOO 1010C GENERAL ZOOLOGY
 ZOO 2713C COMPARATIVE ANATOMY

*PHYSICAL SCIENCE:
 AST 1002 INTRODUCTION TO ASTRONOMY
 CHM 1020 CHEMISTRY FOR LIBERAL ARTS
 CHM 1030C INTRODUCTORY CHEMISTRY I
 CHM 1031C INTRODUCTORY CHEMISTRY II
 CHM 1045C GENERAL CHEMISTRY AND QUALITATIVE
 ANALYSIS I
 CHM 1046C GENERAL CHEMISTRY AND QUALITATIVE
 ANALYSIS II
 GLY 1001 EARTH AND SPACE SCIENCE
 GLY 1010 PHYSICAL GEOLOGY
 GLY 1100 HISTORICAL GEOLOGY
 ISC 1000 UNIFIED SCIENCE
 MET 1001 METEOROLOGY
 PHY 1020 PHYSICS FOR LIBERAL ARTS
 PHY 2048C PHYSICS I WITH CALCULUS
 PHY 2049C PHYSICS II WITH CALCULUS
 PHY 2055C GENERAL PHYSICS I
 PHY 2054C GENERAL PHYSICS II
 PSC 1341 PHYSICAL SCIENCE

*The letter "C" following the course number in the list of Natural Science courses distinguishes courses with a laboratory component.

IV. MATHEMATICS 6 semester hours

The mathematics courses offered are designed to meet the needs of students who are planning to extend their knowledge in mathematics and science as well as those who are planning to seek advanced education in the humanities, social sciences or business. These courses also provide three options for students to achieve the basic competencies as defined by the State of Florida.

A minimum of six semester hours from one of the following three pairs of courses is required of all students:

MAT 1033 INTERMEDIATE ALGEBRA
 MGF 1202 COLLEGE MATHEMATICS
 OR
 MAC 1104 COLLEGE ALGEBRA
 MGF 1202 COLLEGE MATHEMATICS
 OR
 MAC 1104 COLLEGE ALGEBRA
 STA 1014 ELEMENTARY STATISTICS

V. COMMUNICATIONS..... 9 semester hours

The communications courses are intended to enable students to achieve the basic competencies as defined by the State of Florida necessary for speaking, listening, and writing in an organized and critical manner at the college level.

A. Both of the following three semester hour courses are required of all students:

- ENC 1101 ENGLISH COMPOSITION I
- SPC 2600 FUNDAMENTALS OF SPEECH COMMUNICATION

B. The following three semester hour course is required of all students:

- ENC 1102 ENGLISH COMPOSITION II

VI. ADDITIONAL HOURS

The college recognizes individual needs and desires to maintain physical and mental health and therefore encourages the students to consider activity/elective courses to fulfill Area VI.

If certain educational programs require additional credit(s) from Area I-V, excess hours from these areas can also fulfill Area VI. Additional hours may include excess hours from the above four areas and/or up to three one-hour physical education activity courses (DAA, PEL, PEM).

Total hours required from areas I-VI
.....36 semester hours

VII. ELECTIVES..... 26 semester hours

TOTAL: 62 SEMESTER HOURS

* * *

The 26 semester hours of elective credit required in Area VII may be selected from among the courses listed in the catalog with the following designation, subject to conditions listed below:

College credit courses in this catalog with the (T) symbol count in the Associate in Arts degree and are transferable to the State University System.

College credit courses in this catalog without the (T) symbol will not count in the Associate in Arts degree. The transferability of these courses is decided by the receiving transfer institution.

Conditions:

- (1) Not more than four of the 26 semester hours for electives may consist of one-semester hour physical education activity courses less any used in Area VI.
- (2) Not more than four of the 26 semester hours may consist of music, speech, and drama activity courses. These courses are: MUO 1001, MUN 1130, MUN 1280, MUN 1340, MUN 1380, MUN 1410, MUN 1450, MUN 1710, MUNA 1310, MUNB 1310, SPC 2594, THE 2925.
- (3) Not more than 48 semester hours of credit earned in courses offered via television may be applied towards the Associate in Arts degree.

**Articulation Agreement
between
Florida Community College at Jacksonville
and
Jacksonville University**

Jacksonville University and the Florida Community College at Jacksonville are parties to an Articulation Agreement which establishes the conditions under which students receiving the Associate of Arts degree at FCCJ may progress to the junior year or upper division status at JU. The agreement is intended to provide FCCJ students the opportunity for planned and logical progress from their lower division studies to attaining a baccalaureate degree in their chosen fields.

The articulation agreement stipulates that the published Associate in Arts general education core curriculum of FCCJ shall be recognized by JU as the basis for acceptance of transfer credits. Upon receipt of an official FCCJ transcript indicating satisfactory completion of the general education core curriculum and a fully awarded Associate in Arts degree, JU shall accept the FCCJ credits up to 64 credits toward the baccalaureate degree. In accepting the FCCJ credits, JU shall determine the application of these credits to JU's general distribution requirements, designated courses or elective hours. It is understood that the AA degree will be based upon achieving a grade point average of at least 2.0 in all courses and that grades of "D" shall not be accepted for transfer credit.

Certain of the degree programs at Jacksonville University are limited access programs and have admission standards in addition to those for the typical degree seeking student. Students interested in the following programs offered at JU should consult the JU catalog for the relevant application procedures.

1. Engineering
2. Nursing
3. Performance majors in Music
4. Aviation programs involving flight requirements
5. Naval Reserve Officer Training

Further information concerning the details and requirements of the FCCJ/JU transfer process may be obtained from the Admissions Office at Jacksonville University or at any FCCJ Student Affairs Office.

**Articulation Agreement
between
Florida Community College at Jacksonville
and
Edward Waters College**

Edward Waters College and the Florida Community College at Jacksonville are parties to an Articulation Agreement which establishes the conditions under which students receiving the Associate of Arts degree at FCCJ may progress to the junior year or upper division status at EWC. The agreement is intended to provide FCCJ students the opportunity for planned and logical progress from their lower division studies to attaining a baccalaureate degree in their chosen fields.

The articulation agreement stipulates that the published Associate in Arts general education core curriculum of FCCJ shall be recognized by EWC as the basis for acceptance of

transfer credits. Upon receipt of an official FCCJ transcript indicating satisfactory completion of the general education core curriculum and a fully awarded Associate in Arts degree, EWC shall accept the FCCJ credits up to 64 credits toward the baccalaureate degree. In accepting the FCCJ credits, EWC shall determine the application of these credits to EWC's general distribution requirements, designated courses or elective hours. It is understood that the AA degree will be based upon achieving a grade point average of at least 2.0 in all courses and that grades of "D" shall not be accepted for transfer credit.

Preparation for a Career

Florida Community College at Jacksonville offers a comprehensive series of business, health, engineering and industrial related, home economics, distributive, public service, and other programs designed to fulfill the career education needs of the community's citizens and employers.

The Career and Technical Education programs are designed to prepare the student who, at the completion of a program of study listed in this section of the catalog, is planning to enter a chosen career at the semi-professional level. The program may also transfer to a senior institution offering the baccalaureate degree in a related field of study based on completion of additional requirements as set forth in the section on University Transfer Requirements (page 28) and/or on specific program articulation agreements with state universities.

Advisory committees help Florida Community College at Jacksonville create programs and courses to prepare today's youth and adults for the world of work. The advisory committees are made up of civic-minded representatives of business, industry, government, health agencies, public service, and labor.

Individuals who seek to pursue a career at the technician or at the para-professional level may enroll in a two-year college credit program leading to the Associate in Science (AS) degree. For those persons desiring to spend less than two years in preparation, college credit Technical Certificate programs are available in several areas.

The program manager or department chairperson, with the approval of the assistant dean of instruction, may prescribe deficiency courses which are necessary for successful completion of the Associate in Science degree. If the student is a veteran, a copy of the recommendation must be on file and the course or courses certified as deficiency to the Veterans Administration.

The program manager or department chairperson, with the approval of the assistant dean of instruction, may approve another elective or professional course not listed as an approved elective in the Associate in Science degree curriculum which will apply toward Associate in Science degree graduation. If the student is a veteran, it is necessary that such course substitution be obtained from the state approving agency prior to the student's enrollment in the course being substituted. A record of the approval will be maintained in the veteran's file.

Program Location

Not all of the career and technical education AS degree programs are available at each of the college's four campuses. However, the General Education courses and many of the elective and the Professional and other required courses are available at all campuses as well as at selected off-campus centers and sites.

Graduation Requirements

In order to be awarded the Associate in Science degree, the student must have met the following requirements:

1. Earned a Florida Community College at Jacksonville cumulative grade point average of 2.00 (C) on all courses attempted.

2. Earned an all-college cumulative grade point average of 2.00 (C) on all courses attempted, including transferred credits.
3. Completed in residence at Florida Community College at Jacksonville at least 15 semester hours of the required program.
4. Completed the General Education Requirements and required courses as set forth in the college catalog or as approved by the assistant dean of instruction. (The health education programs of study may require a "C" grade or better in professional courses.) A minimum of 60 semester hours is required for this degree, of which at least 15 semester hours must be in General Education.

Before a student may graduate, the student must have fulfilled all financial obligations to the college.

NOTE: Students are cautioned to pay particular attention to the following:

- a. A student's graduation date will be the date at the end of the college term in which the student completes the academic requirements for the degree or certificate for which the student is an applicant. (The removal of an incomplete grade does not affect a student's graduation date, since the grade change is effective as of the end of the term in which the incomplete grade was assigned rather than the term in which the incomplete work was made up.)
- b. If a student expects to complete the course work under the terms of the catalog in effect during the term of the student's first registration, the student must graduate within four years after the year of first registration in a college credit program. Accordingly, a student who enters under this catalog must graduate by the end of the Summer Term 1992, or the student will be expected to meet the requirements of subsequent years. Changes to requirements as may be mandated by law or by rule of the District Board of Trustees may supersede this provision.
- c. Not more than 24 semester hours of credit earned in courses offered via television may be applied towards the Associate in Science degree.
- d. The General Education requirements are to be taken in sequence according to the particular program of study, but the course work may be taken on any Florida Community College at Jacksonville campus.
- e. Many courses in this catalog have prerequisite requirements and/or prerequisite courses listed in the course descriptions. Students are advised to be guided by these requirements.

General Education Requirements

1. A minimum of 15 semester hours of General Education is required for all Associate in Science degree programs of study.
2. The following subject areas shall be included in each program in the manner specified:

1. SOCIAL SCIENCE..... 3 semester hours

Any one of the following 3 semester hour courses:

AMH 2010 UNITED STATES HISTORY TO 1865

EUH 1001 WESTERN CIVILIZATION FROM 1715 TO THE PRESENT

POS 2041 AMERICAN FEDERAL GOVERNMENT

SS 1120 ORIGINS OF AMERICAN SOCIETY (ECONOMIC, POLITICAL AND INTERNATIONAL INSTITUTIONS)

IV. COMMUNICATIONS 3 semester hours

The following three semester hour course is required of all Associate in Science degree students:

- ENC 1101 ENGLISH COMPOSITION I

V. THE REMAINING GENERAL EDUCATION REQUIREMENT may be selected from courses listed in any one of the five categories under requirements for Associate in Arts degree or as specified in individual Associate in Science degree programs.

A minimum of 60 semester hours is required for the Associate in Science degree. Most programs require more. Lists of additional courses required are set forth in individual Associate in Science degree programs. The total credit hours listed for each individual program are minimum hours required for program completion.

Selective Access Programs

Dental Assisting, Dental Hygiene, Medical Laboratory Technology, Nursing and Respiratory Therapy programs are selective access programs and have special selection and admission criteria and procedures which may be obtained from the program contact office as listed in this catalog.

Prior to formal admission to other Associate in Science (AS) programs, students will complete a pre-curriculum program consisting of 15 semester hours of professional and general education courses.

Lists of pre-curriculum courses for each program will be distributed during registration, or a copy may be obtained from your counselor/advisor or program director.

University Transfer Requirements

A student who intends to transfer to a state university upper division upon receipt of the Associate in Science degree must satisfy certain additional General Educational Requirements before being accepted for transfer. These requirements do not affect the award of the Associate in Science (AS) degree by Florida Community College at Jacksonville, but do affect the ability of the senior institution to accept the student with the AS degree.

The student with the AS degree who intends to transfer *must* complete requirements of the College-Level Academic Skills Test (CLAST), a college-level communication and computation skills test required by the state (refer to Testing Services section for details on test administration). The requirements include satisfactory scores on the four subtests of the CLAST as specified by the State Board of Education and the District Board of Trustees.

In addition, the student transferring with the AS degree to a state university must have earned a "C" grade on all courses used to meet the General Education Requirements in Communications, Mathematics, and Humanities. Courses with the "D" grade in these general education disciplines will not be accepted by the transfer universities for General Education, according to rules set by the State Board of Education (SBE).

AS degree students who intend to transfer are required to

take the respective Florida Community College courses where in the 112 college-level academic skills are taught. *Students are to take the appropriate Florida Community College communications and mathematics courses prior to taking the CLAST.*

Transferring students will also be obligated to complete the coursework requirements of SBE Rule 6A-10.30 including ENC 1101 (English Composition I), ENC 1102 (English Composition II), SPC 2600 (Fundamentals of Speech Communication), and two Humanities courses from the General Education Requirements, Associate in Arts degree. Such students will be required by the same rule to complete two Mathematics courses from General Education Requirements, Associate in Arts degree.

Specifically the following courses are needed for the Associate in Science degree study in order to transfer to a state university and to achieve junior status. Such courses will enable the student to be exposed to instruction of the 112 college-level academic skills which are measured by the College-Level Academic Skills Test (CLAST). In addition, the coursework will fulfill requirements of State Board of Education rules for additional writing courses.

NOTE: All of these courses are not required for the Associate in Science degree, but are necessary for the Associate in Science degree-seeking student who intends to transfer.

ENC 1101 English Composition (3 cr.)

ENC 1102 English Composition (3 cr.)

SPC 2600 Fundamentals of Speech Communication (3 cr.)

* Humanities (6 cr.)

** Mathematics (6 cr.)

*** Natural Science (3 cr.)

**** Social Sciences (3 cr.)

— Credit hours earned (27 cr.)

NOTES:

*Any two courses from Area II (Humanities) of the AA degree General Education Requirements

***Refer to Area III (Mathematics-Natural Science) of the AS degree General Education Requirements

****Refer to Area I (Social Science) of the AS degree General Education Requirements

Associate in Science Degree Transfer Option Programs

The University of North Florida and Florida Community College at Jacksonville have a cooperative, articulated Associate in Science Degree Transfer Option for specific programs. Florida Community College students who complete these transfer options will be admitted to the University of North Florida with full junior level status in the area of pursuit. Currently, the following University of North Florida Transfer Option Programs are available:

Airways Science

Computer and Information Systems

Nursing

Preparation for Specialized Employment

Florida Community College at Jacksonville provides a number of educational programs of less than two years duration for which Technical Certificates are awarded upon satisfactory program completion.

In some cases, the Technical Certificate can be an intermediate step toward the associate degree in the particular area of study. The student can then build upon that Technical Certificate to accomplish the Associate in Science degree.

Graduation Requirements

In order to be awarded a college credit Technical Certificate, the student must have met the following requirements:

1. Earned a Florida Community College at Jacksonville grade point average of 2.00 (C) on all courses attempted.
2. Completed the required courses as set forth in the college catalog or as approved by the assistant dean of the area.
3. Completed at least one-fourth of the total hours required for a certificate in residence at Florida Community College at Jacksonville.

Before a student may graduate, the student must have fulfilled all financial obligations to the college.

NOTE: Students are cautioned to pay particular attention to the following:

- a. A student's graduation date will be the date at the end of the college term in which the student completes the academic requirements for the degree or certificate for which the student is an applicant. (The removal of an incomplete grade does not affect a student's graduation date, since the grade change is effective as of the end of the term in which the incomplete grade was assigned rather than the term in which the incomplete work was made up.)
- b. If a student expects to complete the course work under the terms of the catalog in effect during the term of the student's first registration, the student must graduate within four years after the year of first registration in a college credit program. Accordingly, a student who enters under this catalog must graduate by the end of the Summer Term 1991, or the student will be expected to meet the requirements of subsequent years. Changes to requirements as may be mandated by law or by rule of the District Board of Trustees may supersede this provision.

Program Areas

Each Associate in Science degree, and Technical Certificate program listed in the following pages has a group of initial (pre-program) courses listed for it. These are foundation courses for the program, and they are the ones that should be taken first. When a student has successfully completed these courses, the student should contact the adviser/counselor to complete the process to be admitted officially to the intended program of study.

The Associate in Science Degree and Technical Certificate

The objective of the Associate in Science (AS) degree is to provide a two-year study in a specialized field leading directly into skilled employment without further college work. Students who later decide to go on to a four-year degree may do so by satisfying certain requirements.

The student who chooses that occupational study but later decides to consider university transfer for a four-year degree, will have to make up the requirements in General Education as noted on page 27 of this catalog, and before being admitted to upper division study, as per State Board of Education rule.

The objective of the Technical Certificate is to provide basic professional courses to meet the minimum requirements of a particular occupation. Students who later decide to pursue the Associate in Science degree may do so by satisfying certain course requirements in general education and the occupational area.

NOTE: The type of program is designated as follows:

- AS — Associate in Science Degree
- ASDO — Associate in Science Degree Option
- ASTO — Associate in Science Transfer Option
- TC — Technical Certificate

Consumer and Human Services

- Child Care Services (AS,TC)
- Fashion Merchandising (AS)
- Food Service Technology (AS)
 - Dietetic Technician (ASDO)
- Interior Design Technology (AS)
 - Revitalization of Homes and Businesses (TC)

General Business and Information Services

- Accounting (AS)
- Computer and Information Systems (AS,ASTO)
 - Computer Business Applications (TC)
 - Computer Operations (TC)
 - Computer Programming (TC)
- General Business (AS)
- Office Systems Technology (AS,TC)

Health Services

- Dental Assisting (AS,TC)
- Dental Hygiene (AS)
- Emergency Medical Technology (AS,TC)
- Medical Lab Technology (AS)
- Nursing (AS,ASTO)
 - Bridge Option for Licensed Practical Nurses (ASDO)
- Respiratory Therapy (AS)

Public and Financial Services

- Banking (AS)
- Criminal Justice Education — Corrections (AS)
- Criminal Justice Education — Law Enforcement (AS)
- Fire Science and Prevention (AS)
- Hotel/Motel Management (AS)
- Insurance (AS)
- Real Estate (AS)
- Sales-Marketing-Retailing (AS)
- Transportation (AS)
 - Air Traffic Management (AS)
 - Airways Science (ASTO)

Technical and Industrial Services

- Architectural Engineering Technology (AS)
- Building Construction Technology (AS)
- Civil Engineering Technology (AS)
- Drafting and Design Technology (AS)
 - Drafting (TC)

- Electronics Engineering Technology (AS,TC)
- Mechanical Engineering Technology (AS)

- Printing/Graphic Arts (AS)
- Television Production (AS)
 - Broadcast Copywriting (TC)
 - News Assisting (TC)
 - Radio and TV Advertising (TC)
 - Radio and TV Production (TC)
 - TV Graphics (TC)

CONSUMER AND HUMAN SERVICES

Associate In Science

Child Care Services (203)

Students completing the AS program will have had the opportunity to observe and participate in the Child Care Laboratory at the North Campus. Graduates of the program will be able to serve the community through acquired skills which will qualify them to work with young children.

Child care students are expected to read at 10.5 grade level as measured by a standard reading test approved by the program manager. Any students who have academic deficiencies, as determined by the assistant dean, will be scheduled into additional appropriate courses for correction of these deficiencies. This assessment may occur either prior to or during the program.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate or bachelor degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

AS — Child Care Services

- PNC 1101 — English Composition I
- CHD 1220 — Child Growth and Development I
- CHD 1230 — Child Growth and Development II
- EEC 1003 — Introduction to Early Childhood Education

Associate in Science

Fashion Merchandising (229)

This AS program is designed to prepare students for entering the fashion retailing industry. Employment may be secured in occupations such as salesperson, assistant department manager, display artist, fabric specialist, assistant buyer, department manager, and mid-management positions in sales supporting areas. The program will include instruction in career orientation, merchandising functions and techniques, garment construction, textile performance, and general business practices and procedures along with practical on-the-job work experiences and General Education.

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate or bachelor degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Associate in Science

Food Service Technology (212)

This competency-based AS program is designed to prepare students to seek employment in the food service industry at the mid-management level in restaurants, cafeterias, extended care facilities, schools, hospitals, and fast food service operations. Competencies needed may be acquired through a combination of theory, laboratory and community experiences. Students may acquire credits for demonstrated specified competencies acquired through previous education and/or experience.

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate or bachelor degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

AS Degree Option

Dietetic Technician (260)

The Dietetic Technician AS degree option prepares students to function at the management level of dietetic care under the supervision of the registered dietitian or under general supervision in consultation with the dietitian. Typical duties include supervision of employees, menu planning, patient interviewing, diet instruction for routine modification, employee training, food purchasing, and supervision of food production. The dietetic technician is an integral member of the health care team in an occupation offering both personal and financial rewards. Upon completion of the Dietetic Technician Option, the student may apply for membership in the American Dietetic Association. Graduates of an ADA approved program meet licensure requirements under Public Law 10D-2915. Successful completion of the program makes the graduate eligible to take the national registration examination of the American Dietetic Association. Passing of this examination qualifies the candidate as a Dietetic Technician, Registered (D.T.R.).

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Associate in Science

Interior Design Technology (289)

The AS program includes a combination of theory and laboratory and community experiences for the development of competencies in all phases of interior design technology. Concepts of the program include characteristics and performance of textiles, selection, arrangement and maintenance of furniture and accessories, art principles, decorating and design skills, space planning, materials and sources, graphic presentation and architectural design, history of interiors, and business aspects.

The Associate in Science degree program will also include management, safety, free enterprise, consumer and economic education; communication, computation and human relations skills; and instruction related to rules, regulations and legislation.

Graduates secure entry level positions with architectural firms, interior design studios or with related businesses specializing in interior furnishings. Types of employment include interior designer, design assistant, sales representatives, interior decorator and salesperson.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Technical Certificate

Revitalization of Homes and Businesses (343)

The Technical Certificate program addresses trends and issues in housing: factors affecting selection, legal, and financial responsibilities in establishing a home; relocation of residence, energy conservation, housing alternatives, home construction, renovation and preservation features, furnishings and equipment, and exterior design.

This program provides the individual or family the opportunity to educate themselves: 1) concerning the feasibility of structural renovation of dwellings for homes or business; 2) concerning application of skills and knowledge necessary for maintenance and repair of home or business dwellings.

Certificate content deals with housing alternatives, architectural styles, functions of space, energy factors in household equipment and in the renovation process, economics of preservation, and techniques of home repair and renovation.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study

GENERAL BUSINESS AND INFORMATION SERVICES

Associate in Science

Accounting (201)

The Accounting program is primarily designed for those students who intend to seek immediate employment in some area of accounting. The program is also intended for, and most beneficial to, those individuals who are presently using accounting and/or accounting information in their employment. The aim of the AS Accounting program is to prepare students for positions in industry; federal, state, and local government; and public accounting. The professional certified public accountant candidate should follow the Associate in Arts degree for the business administration program of studies.

The Accounting program is based upon the development of a thorough knowledge of accounting principles and theory, and then seeks to develop the student's ability to apply this knowledge to problem situations. An intensive study of accounting and related business subjects is combined with general education courses to provide a well-balanced program.

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate or bachelor degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 60 of the catalog.

Associate in Science

Computer and Information Systems (205)

The Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The Associate in Science degree is a two-year course of study to prepare students for a variety of positions in computer and information systems. The following are some of the job titles: (a) programmer trainee, (b) junior programmer, (c) programmer-analyst trainee, (d) control analyst.

This is a SOCCNAV Network Program. Refer to SOCCNAV description on page 28.

Students may enter the program in any term. However, spring and summer course offerings are not as plentiful as fall and winter. Part-time students may take twice as long to finish the required course work for graduation, depending on the course load carried each term. Most of the courses are also offered in the evenings for convenience of students who work during the day.

Special Notes

Based on place test results, students may be required to take additional courses in the areas of reading, writing, and mathematics.

Pre-Program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your computer counselor/advisor to complete your admission to this program of study.

- COP 1000 Introduction to Programming and Algorithm Design
- COP 1002 Introductory Computer Concepts
- ENC 1101 English Composition I
- GEB 1011 Introduction to Business
- OST 1100 Beginning Typewriting I

AS Degree Option UNE Transfer

Computer and Information Systems (281)

The following sequence of courses is designed for FCCJ students planning to transfer to the University of North Florida with an Associate in Science degree in Computer and Information Systems. These students are eligible to pursue a B.S. in Computer and Information Sciences with a track in Information Systems. Completion of this program will qualify the FCCJ Computer and Information Systems student for the Associate in Science degree in Computer and Information Systems. Upon transfer to U.N.F. the Computer and Information Systems graduate will begin the junior year of U.N.F.'s Computer and Information Science program. Any variation in this program of study may result in additional required coursework.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

AS — UNE Transfer Option Computer and Information Systems

- ENC 1101 — English Composition I
- COP 1000 — Introduction to Programming and Algorithm Design
- COP 1002 — Introductory Computer Concepts
- COP 2540 — Data Management and Utility Program
- Any computer language

NOTES:

MAC 2233 Calculus for Business and Social Science I is a prerequisite for the Information Systems program at UNE. It may be taken at FCCJ or after transfer to UNE.

Based on placement test results students may be required to take additional courses in the areas of reading, writing, and mathematics.

*Refer to AA Degree General Education Requirements.

**Students may substitute CGS 2540 Data Base Management Concepts and Practices (3 cr.); or CGS 1540 Introduction to dBASE III (1 cr.) plus CGS 1541 Advanced dBASE III (2 cr.) for COP 2540.

***Students may substitute CIS 1321 Computer Systems Development With High Level Tools (3 cr.) for CIS 2321.

Technical Certificate**Computer Business Applications (315)**

The Technical Certificate in Computer Business Applications is a one-year program which prepares students for positions involving direct use of microcomputers for business administration, decision support, and financial applications. Students who complete this sequence of course work will be qualified to enter careers in which they function as end users of applications, application developers for microcomputer sys-

tems, and software trainers. This is a growing field that should see thousands of new job opportunities created every year.

In a sense, persons who operate microcomputers for the processing of business transactions and financial reporting applications are successors to traditional bookkeepers. Microcomputers and standard software application packages are eclipsing and obsoleting earlier techniques used in bookkeeping. Workers in this field are being trained to identify and implement application packages for business and managerial functions.

Substantial "hands-on" work with microcomputers is essential to many of the courses within this sequence.

Students may enter the program in any term. However, Spring and Summer course offerings are not as plentiful as Fall and Winter. Part-time students may take twice as long to finish the required course work for graduation, depending on the course load carried each term. Most of the courses are also offered in the evenings for convenience of students who work during the day.

Special Notes

Based on placement test results, students may be required to take additional courses in the areas of reading, writing, and mathematics.

Pre-Program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your computer counselor/advisor to complete your admission to this program of study.

COP 1000 Introduction to Programming and Algorithm Design

Technical Certificate

Computer Operations (309)

The Technical Certificate in Computer Operations is a one-year program which includes experience with the operation of data processing equipment in the college's Data Center and the Data Processing instructional laboratory. Field trips enable students to be exposed to a greater variety of equipment, operating systems, and computer applications.

A limited number of laboratory assistantships are available for students to gain valuable experience with the operation of the IBM Computer System and the Prime 400 minicomputer system.

Full-time students wishing to complete the above program must be enrolled in two Computer and Information Systems courses as part of their course load during the Fall and Winter Terms (I and II). However, these courses are not to be taken in the order as listed hereafter.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Technical Certificate — Computer Operations

FNC 1101 — English Composition I
COP 1002 — Introductory Computer Concepts
COP 2540 — Data Management and Utility Programs

 ***In lieu of CIS 1400, verifiable data processing experience may be approved by the appropriate dean.

Technical Certificate

Computer Programming (316)

The Technical Certificate in Computer Programming is an abbreviated program recommended for those students with previous college-level course work and/or business experience. It is a one-year course of study for those who wish to be gainfully employed as a programmer trainee or programmer-analyst trainee.

Students interested in a computer programming career are urged to take the programmer's aptitude test available through the Student Development Office on the North Campus.

Students may enter the program in any term. However, Spring and Summer course offerings are not as plentiful as Fall and Winter. Part-time students may take twice as long to finish the required course work for graduation, depending on the course load carried each term. Most of the courses are also offered in the evenings for convenience of students who work during the day.

Special Notes

Based on placement test results, students may be required to take additional courses in the areas of reading, writing, and mathematics.

Associate in Science

General Business (213)

The two-year General Business program is designed to prepare students for advancement in a business profession. The emphasis of the course selections is on business courses, with five General Education courses required. It is important to note that this program is not intended to be a substitute for the four-year Business Administration program.

The program manager or department chairperson, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate or bachelor degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Associate In Science

Office Systems Technology (296 or 297)

The Associate in Science program in Office Systems Technology integrates modern office procedures with technological advances in information processing. Courses emphasize a systems approach to managing people, procedures, and equipment, preparing students to enter an evolving job market. Dynamic opportunities for career advancement in office support, administrative support, and word processing are provided through specialty options.

Pre-program Courses

HEALTH SERVICES

Associate in Science

Dental Assisting (290)

The object of this AS program is to prepare the student for a career in the field of dental assisting. The program will enable the student to demonstrate skills in dental assisting and the expanded duty functions of the dental auxiliary procedures, such as x-ray technique, dental material manipulation and identification, and the use and sterilization of dental instruments. Chairside assisting, application and use of medications, and assisting in the care of dental patients and General Education are also included. This program will qualify the graduate to take the national examination to become a Certified Dental Assistant and to be awarded an Associate in Science degree in Dental Assisting. A background in science and good manual dexterity are recommended.

Application:

Applicants must show evidence of good health and have an earned high school diploma or GED Certificate.

Dental Assisting is a selective access program. The program admits students once a year in the Fall Term.

An application for admission to the program must include the following:

1. Application to Florida Community College at Jacksonville.
2. Application to the Dental Assisting program.
3. High school transcript or copy of General Education Development (GED) test.
4. College transcript (if any college work has been attempted).
5. Crawford Small Parts Dexterity Test Score.
6. Official copy of program admission test score.

Students admitted to the program must present a report of a complete physical examination made not more than 30 days prior to the enrollment for the first dental assisting course.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate or bachelor degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

The program in dental assisting is accredited by the Commission on Dental Accreditation of the American Dental

Association, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and by the United States Department of Education.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Associate in Science

Dental Hygiene (233)

The AS program in Dental Hygiene offers the student an opportunity to learn the technical and clinical skills of dental hygiene. The curriculum includes General Education, technical, and clinical courses. Upon completion of the program, the student is prepared to take the dental hygiene licensure examinations. Upon successful completion of these examinations, the graduate will be licensed to practice in the field in dental hygiene.

Application:

Due to facility requirements and accreditation standards, admission to the program is limited. Applicants must show evidence of good health and have an earned high school diploma or GED Certificate. College preparatory biology and chemistry are requirements for admission to the Dental Hygiene program. A background of science and mathematics and good manual dexterity are strongly recommended. Continuation in the program's second year is dependent upon maintaining a 2.00 average in the first year. A grade of C or above must be maintained in all Dental Hygiene courses. Present program of studies is subject to change.

Dental Hygiene is a selective access program. One class is admitted annually to this two-year AS degree program.

An application for admission to the program must include the following:

1. Application to Florida Community College at Jacksonville.
2. Application to the Dental Hygiene program.
3. High school transcript or copy of General Education Development (GED) test scores.
4. College transcript (if any college work has been attempted).
5. Official copy of program admission test score.

Students admitted to the program must present a report of a complete physical examination made not more than 30 days prior to the enrollment for the first dental hygiene course.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

The programs in dental hygiene is accredited by the Commission on Dental Accreditation of the American Dental Association, a specialized accrediting body recognized by the Council on Postsecondary Accreditation and by the United States Department of Education.

Associate in Science

Emergency Medical Technology (251)

The program in Emergency Medical Technology offers the student an opportunity to learn the technical and clinical skills of emergency medical technical and clinical courses.

Emergency Medical Technology courses must be taken in sequence with the designated prerequisite and corequisite courses. A grade of 2.00 must be earned in each professional course, human anatomy and physiology, microbiology and chemistry.

Application:

All applicants for admission to this program must be at least eighteen years of age, have an earned high school diploma or G.E.D. certificate, and submit evidence of completion of at least one of the following:

- A. A first responder training course.
- B. A letter of verification from an employer documenting at least six months of work experience as a registered nurse, licensed practical nurse, radiologic technologist, medical lab technician, respiratory therapist, or hospital corpsman.

Additionally, program applicants must submit all the following to the Emergency Medical Technology Program Office, North Campus, at least one month prior to the beginning date of the term in which they wish to be admitted to the program:

1. Application to Florida Community College at Jacksonville (if not a current or previous FCCJ student)
2. Application to the Emergency Medical Technology program
3. Proof of current Basic Life Support (cardiopulmonary resuscitation) certificate issued within six months prior to the date of proposed entry into the program.

NOTE: It is recommended that students have a conference with the EMT counselor prior to applying to the Emergency Medical Technology program.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Technical Certificate

Emergency Medical Technology (344)

The Emergency Medical Technology Certificate program is designed to prepare the student for employment in an advance life-support ambulance, in hospital emergency departments and in intensive care units. Graduates of the one-year Technical Certificate program may elect to continue for the Associate in Science degree in Emergency Medical Technology.

Emergency Medical Technology courses must be taken in sequence with the designated prerequisite and corequisite courses. A grade of 2.00 must be earned in each professional course and human anatomy and Physiology.

Application:

All applicants for admission to this program must be at least eighteen years of age, have an earned high school diploma or G.E.D. certificate, and submit evidence of completion of at least one of the following:

- A first responder training course.
- A letter of verification from an employer documenting at least six months of work experience as a registered nurse, licensed practical nurse, radiologic technologist, medical lab technician, respiratory therapist, or hospital corpsman.

Additionally, program applicants must submit all the following to the Emergency Medical Technology Program Office, North Campus, at least one month prior to the beginning date of the term in which they wish to be admitted to the program:

- Application to Florida Community College at Jacksonville (if not a current or previous FCCJ student)
- Application to the Emergency Medical Technology program
- Proof of current Basic Life Support (cardiopulmonary resuscitation) certificate issued within six months prior to the date of proposed entry into the program.

NOTE: It is recommended that students have a conference with the EMT counselor prior to applying to the Emergency Medical Technology program.

Associate in Science

Medical Laboratory Technology (220)

The Medical Laboratory Technology program offers the student opportunities to learn the technical skills of medical laboratory science. The curriculum includes general education, technical, and clinical education.

Application:

Medical Laboratory Technology is a selective access program and admission to the program is limited. Applicants must show evidence of good health and have an earned high school diploma or GED certificate. Program admission procedures may be obtained from the Department Chairperson of Medical Laboratory Technology, North Campus. Prior to registration for each term the program director advises students.

Students must earn a grade of C or better in the medical laboratory courses and complete all campus-based courses with a grade point average of 2.00 or better before entering the clinical phase of their education. The program conforms to the requirements of the National Association for Accrediting Clinical Laboratory Science, AMA Council on Medical Education.

In order to be employed in a medical laboratory in Florida, program graduates must pass the Florida State Licensure Examination.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and rest requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Associate in Science

Nursing (227)

The AS program of study is a combination of General Education and nursing education. Nursing courses are based on the concept of the wellness-illness continuum. It is this concept that the faculty accepts as the framework for unifying all experiences within the program. Graduates of the program are prepared to function as beginning nurse practitioners in giving direct care to patients. Upon completion of the program, graduates are awarded an Associate in Science degree in Nursing and are eligible to apply to write the National Council Licensure Examination to qualify for licensure to practice as registered nurses.

Application:

Nursing is a selective access program, and admission to the program is limited. Applicants are admitted into the program two times a year: Fall Term and Winter Term. A brochure outlining costs, admission requirements, cut-off dates, and procedures is available from the nursing counselor, North Campus, and from the student affairs offices at North, South,

Kent, or the Downtown Campuses. Approximately three weeks prior to the beginning of each term, letters are sent to each applicant indicating admission status. Both single and married men and women may be admitted to the program. There is no age limit.

Applicants to the Nursing program must:

1. Have an earned high school diploma or GED Certificate.
2. Be accepted for admission to Florida Community College at Jacksonville, be currently enrolled at FCCJ, or a former student of FCCJ.
3. Have completed at the time of application for program admission a course in chemistry with a minimum grade of C in high school or college.
4. Have completed at the time of application for program admission APB 2190C, Human Anatomy and Physiology I, earning a minimum grade of C. APB 2191C, Human Anatomy and Physiology II, must be completed prior to beginning NUR 1021C, Nursing Process I.
5. Submit evidence of current Basic Life Support (CPR) Certification.
6. Submit official copy of program admission test score.

NOTE: It is recommended that students have a conference with the nursing counselor prior to applying to the Nursing program.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Bridge Option for Licensed Practical Nurses (261)

The Bridge Option of the Associate in Science degree Nursing Program is designed for and limited to persons who are currently Florida Licensed Practical Nurses. Through the use of this option Licensed Practical Nurses may take specified nursing courses from a modified program of study designed to meet the needs of the L.P.N. enrolled in the Associate Degree Nursing program.

The program of study is a combination of General Education and nursing education. Nursing courses are based on the concept of the wellness-illness continuum. Graduates are prepared to function as beginning nurse practitioners in giving direct care to patients. Upon completion of the program, graduates are awarded an Associate in Science degree in Nursing and are eligible to write the National Council Licensure Examination to qualify for licensure to practice as Registered Nurses.

Application:

The Associate in Science Degree Nursing Program Bridge Option is a selective access program, and admission is limited. The Summer Term (May) is designated as the entry point for licensed practical nurses who wish to enter the Associate in Science degree Nursing program through the Bridge Option. A brochure outlining costs, admission requirements, cut-off dates, and procedures is available from the Nursing Counselor, North Campus, and from the Student Development office at North, South, Kent, or the Downtown Campuses. Approx-

mately three weeks prior to the beginning of Summer Term (May), letters are sent to each applicant indicating admission status. Both single and married men and women may be admitted to the program. There is no age limit.

Deadline date for application: Completed applications for LPN's electing to use the Bridge Option of the Associate degree Nursing program must be received by February 28th for admission during Summer Term (May).

Application Prerequisites:

Applicants who elect to use the Bridge Option must:

1. Submit evidence of current Florida Licensed Practical Nurse Licensure.
2. Submit documentation of a minimum of 6 months of work experience as a licensed practical nurse within the last two years.
3. Have completed a course in chemistry with a minimum grade of C in high school or college.
4. Have completed the following FCCJ courses with a cumulative grade point average of at least 2.0:

*APB 2190C	Human Anatomy and Physiology I
*APB 2191C	Human Anatomy and Physiology II
*MCB 2013C	Microbiology
DEP 2004	Human Growth and Development
ENC 1101	English Composition I
ENC 1102	English Composition II
PSY 1012	General Psychology

Any one of the following courses:

**Humanities	
**Social Science	
SYG 2000	Introductory Sociology

5. Submit evidence of current Basic Life Support (CPR) certification
6. Official copy of Program admission test score.

NOTE: It is recommended that students have a conference with the nursing counselor prior to applying to the Nursing program.

Associate in Science

Respiratory Therapy (244)

This AS program is designed to help the student to learn the skills of a respiratory therapist. Graduates of this program are eligible to take the national examination, given by the National Board for Respiratory Therapy, to become Registered Respiratory Therapists.

The curriculum includes technical courses, clinical practicum, and General Education. Graduation from the program is dependent upon receiving a grade of C or above in all required science, mathematics, and respiratory therapy courses.

Application:

Respiratory Therapy is a selective access program, and admission to this two-year AS degree program is limited. Applicants must have an earned high school diploma or GED Certificate. A background in science and mathematics is strongly recommended. The program admits students one time per year: Fall Term.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

PUBLIC AND FINANCIAL SERVICES

Associate In Science

Banking (228)

This two-year program is structured to provide students with both the general and specialized skills and competencies needed to embark upon a profitable and rewarding banking career. Jacksonville is a hub of financial activity, and financial institutions such as banks are looking for qualified and motivated degree students to enter their executive training programs. Opportunities in banking are especially good because of the variety of departments, such as business development, public relations, installment credit, international trade development, commercial services, loans and securities.

The program is designed to serve both the younger student who recently completed high school and experienced bank employees. Besides providing college credit, the completed banking courses may count toward the American Institute of Banking certificate programs. Such an arrangement must be approved by the local AIB chapter.

Those desiring credit union education should select two specialized credit union courses, which may replace bank-oriented courses.

The program manager, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue a baccalaureate degree. The student who does desire to pursue a baccalaureate degree in Banking at the University of North Florida (UNF) must pass the CJAST and should pursue the AS degree UNF Option Program in Banking set forth on the next page. The student who desires to pursue a baccalaureate degree in Banking at another state university should refer to University Transfer Requirements on page 28 of the Catalog.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Criminal Justice Education — Law Enforcement (238)

This AS program is under the guidance of an advisory committee composed of community leaders and administrators from local criminal justice agencies. This assures that the student will receive modern, up-to-date instruction that is relevant to current practices in the field.

Law enforcement and General Education courses are offered on a day and evening interchangeable basis.

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate or bachelor degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Associate in Science

Fire Science and Prevention (211)

The Fire Science and Prevention AS program is designed to provide training for persons who desire to enter the fire service; who seek employment in industrial fire protection, with insurance companies or with fire protection equipment companies; or, to upgrade the professional status and intellectual competence of those currently employed in the fire service.

The program is under the guidance of an advisory committee composed of community leaders and administrators from local fire departments. This assures that the student will receive modern, up-to-date instruction that is relevant to current practices in the field.

Fire Science and General Education courses are offered on a primary night and alternate night or day basis.

The program manager, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Hotel/Motel Management (214)

This AS program is designed to provide career-oriented students with the basic principles and job entry working skills and the training for supervisory and management positions in the hotel, motel, apartment, lodging and food service industry. The program is designed to provide the student with a foundation for building a rewarding position and satisfying career in a dynamic, growing industry.

The hotel, motel, apartment, tourism, and food service industry is the largest and fastest growing business in Florida. AS degree students with an educational background of this business are in demand.

Training includes communication and managerial skills, human relations, and leadership. Through the internship program of Hospitality Management, students gain college credit and valuable, profitable work experience. Job placement is available through the College's Hospitality Management Advisory Committee.

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 38 of the catalog.

**Choices in these courses are determined by the student's employment outlook. This decision will determine what type of instruction the student will be placed in for the internship courses of HFT 2941 and 2942. Internship will consist of 15 hours per week of on-the-job training. Students are encouraged to seek part-time employment in the hospitality industry while attending college and during the summer.

***Two courses from Area I AA degree General Education Requirements listing, one of which must be from Area IA.

Associate In Science

Insurance (216)

This AS program's objective is to provide students with the necessary course work that can lead to profitable and rewarding careers in the insurance industry — life, property and casualty, and health. Emphasis is placed on job preparation for affiliation with insurance agencies and home office operations. Jacksonville, being the "Insurance Capital of the South," offers great opportunity to qualified Insurance AS graduates.

Courses are made available to those persons already employed for career advancement opportunities. These include Chartered Life Underwriters (CLU), Life Office Management (LOMA) and Insurance Institute of America (IIA). Courses leading to licensing requirements for property and casualty general agents, solicitors, and adjusters are also available.

The program manager, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue a baccalaureate degree. The student who does desire to pursue a baccalaureate degree in Insurance at the University of North Florida (UNF) must pass the CLAST and should pursue the AS degree UNF Option Program in Insurance set forth on the next page. The student who desires to pursue a baccalaureate degree in Insurance at another state university should refer to University Transfer Requirements on page 28 of the Catalog.

Associate in Science

Real Estate (230)

This AS program is designed to provide students with a meaningful background in real estate as particularly related to principles, practices, and license law. Pre-licensing requirements established by the Florida Real Estate Commission for licensed salespersons and brokers are incorporated into the program. Through a variety of course offerings, students are presented an opportunity to specialize in other areas of real estate, including management.

The program manager, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue a baccalaureate degree. The student who does desire to pursue a baccalaureate degree in Real Estate at the University of North Florida (UNF)

must pass the CLAST and should pursue the AS degree UNF Option Program in Real Estate set forth on the next page. The student who desires to pursue a baccalaureate degree in Real Estate at another state university should refer to University Transfer Requirements on page 28 of the Catalog.

Sales-Marketing-Retailing (250)

The Sales-Marketing-Retailing AS program provides the student with a background that will assist in preparation for a career in the areas of sales, sales management, sales promotion, advertising, wholesaling, retailing, and market research. Career opportunities in these fields exist in private industry, government, and the professions.

The curriculum includes the study of activities necessary to place goods and services in the hands of household consumers and industrial users. The classroom experiences provide a broad understanding of the marketing process, as well as specialized knowledge in the various areas of marketing.

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Associate in Science

Transportation (231)

The purpose of the Transportation AS program is to enable students to obtain a meaningful career, either in industrial traffic management or in the commercial carrier industry.

The Transportation Advisory Committee continually keeps the faculty aware of industrial needs, job opportunities, changes in transportation technology, and placement services.

Transportation curricula are continually updated, and new courses developed to meet community requirements. The courses provide students with ample specialized training and skills to enter the highly technical field of transportation and distribution. The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue a baccalaureate degree. The student who does desire to pursue a baccalaureate degree in Transportation or Airways Science at the University of North Florida (UNF) must pass the CLAST and should pursue the appropriate AS degree UNF Option Program set forth on the following pages. The student who desires to pursue a baccalaureate degree in Transportation at another state university should refer to University Transfer Requirements on page 28 of the Catalog.

AS Degree Option UNF Transfer

Airways Science (287)

The Airways Science AS degree UNF Transfer Option of the Transportation program provides the student with a basic foundation in the general elements of aviation in preparation for a career with the FAA in air traffic control and air traffic facilities.

The curriculum includes the study necessary to prepare for orientation into the FAA Air Traffic Control System.

Upon completion of this program the student will be awarded an Associate in Science degree. The student will then be able to continue on to a baccalaureate degree providing opportunities for the graduate to qualify for the more keenly competitive positions in the FAA. Students electing this transfer transportation program to the University of North Florida must complete the transfer program requirements and passage of the C.I.A.S.T.

TECHNICAL AND INDUSTRIAL SERVICES

Associate in Science

Architectural Engineering Technology (202)

Architectural Engineering Technology is a program designed to prepare the student for a career as an assistant to architects, engineers, or employers whose companies are associated through services or products with the architectural and building construction field.

A student will be considered as selected for this program when the student has an AS/Technical Certificate Graduation Status Sheet File Maintenance Form, signed by the student and program director, on file.

Students with an inadequate basic skills background will be required to enroll in the level of mathematics and/or English necessary to acquire program entry skills. The student's score on the entry test given during the orientation process will be used to determine readiness for program entry.

Graduates of the Architectural Engineering Technology degree program may expect to be employed locally as associates or assistants to architects, engineers, designers or engineering consultant firms.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Associate in Science

Building Construction Technology (234)

The objective of this AS program is to prepare the student for a career in the fields related to construction technology. The two-year program in construction technology is designed to provide the student with a broad-based overview of the building construction trades with a focus on concrete, steel and wood joinery techniques practiced in the industry. This includes the theory, basic skills, safety and first aid training common to all building trades.

An AS degree will be awarded upon completion of the General Education Requirements and all of the technical courses listed.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Associate in Science

Civil Engineering Technology (204)

The objective of this program is to prepare the student for a career in fields related to civil engineering such as drafting, construction, surveying, highways, structures, water resources, hydraulics, hydrology, soils and foundations.

A student will be considered as selected for this program when the student has an AS/Technical Certificate Graduation Status Sheet File Maintenance Form, signed by the student and program director, on file.

Students with an inadequate basic skills background will be required to enroll in the level of mathematics and/or English necessary to acquire program entry skills. The student's score on the entry test given during the orientation process will be used to determine readiness for program entry.

Graduates of the Civil Engineering Technology degree program may elect to continue studies for the Bachelor's in Technology degree at an upper level institution.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Associate in Science

Electronics Engineering Technology (271-275)

Electronics Engineering Technology is a two-year AS degree program offering optional tracks in Digital Electronics, Communications Electronics, X-Ray Engineering Technology, Biomedical Instrumentation Technology and Robotics Technology.

The program is designed to provide the student with the skills needed to enter a career in the field of electronics as a technician, engineering assistant, or an assistant to scientific personnel working with systems or processes which depend principally upon electronics equipment.

A student will be considered as selected for this program when the student has an AS/Technical Certificate Graduation Status Sheet File Maintenance Form, signed by the student and program director, on file.

Students with an inadequate basic skills background will be required to enroll in the level of mathematics and/or English necessary to acquire program entry skills. The student's score on the entry test given during the orientation process will be used to determine readiness for program entry.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Specialty Tracks follow:

Electronics Engineering Technology

Biomedical Specialty (271)

Completion of the Biomedical Instrumentation Technology specialization may lead to employment in hospitals and companies supplying equipment and/or service to hospitals and physicians'/dentists' offices related to biomedical instrumentation equipment.

Technical Certificate

Electronics Engineering Technology (320)

The Electronics Engineering Technology Certificate program is a one-year program designed to provide the student with the skills needed to enter a career in the field of electronics as a technician, engineering assistant, or an assistant to scientific personnel working with systems or processes which depend principally upon electronics equipment.

A student will be considered as selected for this program when the student has an AS/Technical Certificate Graduation Status Sheet File Maintenance Form, signed by the student and program director, on file.

Students with an inadequate basic skills background will be required to enroll in the level of mathematics and/or English necessary to acquire program entry skills. The student's score on the entry test given during the orientation process will be used to determine readiness for program entry.

The student completing the one-year certificate for Electronics Engineering Technology program may expect to develop general entry level skills for employment in local industries where service of basic electronic equipment is required.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Associate in Science

Mechanical Engineering Technology (218)

Mechanical Engineering Technology is a two-year AS degree program designed to provide the student with the needed skills to enter a career in the field of mechanical engineering as a technician, engineering assistant or an assistant to scientific personnel working with systems or processes which depend principally upon mechanical equipment.

A student will be considered as selected for this program when the student has an AS/Technical Certificate Graduation Status Sheet File Maintenance Form, signed by the student and program director, on file.

Students with an adequate basic skills background will be required to enroll in the level of mathematics and/or English necessary to acquire program entry skills. The student's score on the entry test given during the orientation process will be used to determine readiness for program entry.

Completion of the Mechanical Engineering Technology program may lead to employment as a technician working with manufacturers or vendors of mechanical equipment/systems including heat transfer equipment, systems of pneumatic and hydraulic drives, mechanical power systems and in other areas requiring the application of principles, methods and techniques appropriate to the particular branch of mechanical engineering in which the technical is employed.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Pre-program Courses

During your beginning semesters at the college you should complete the following. Upon completion, see your counselor/advisor to complete your admission to this program of study.

Printing/Graphic Arts (240)

The two-year AS program in Printing/Graphic Arts is designed to provide the student with a working knowledge of each of six major areas of the printing industry, and then to develop in the student occupational skills in the one area or process in which the student demonstrates aptitude and interest.

Lecture courses and hands on laboratory experience will be provided for training in Hand and Machine Composition and Form Make-up, Letter Press Operation and Form Lockup, Cold Typesetting and Pasteup, Camera Operation and Film Processing, Negative Stripping and Offset Platemaking, and Offset Press Operation and Related Bindery Functions.

The program director, with the approval of the assistant dean, may require additional courses or make substitutions required to meet the needs of students.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Television Production (232)

This two-year program is designed to prepare students for a career as professional television production personnel.

The growth of the TV production industry in recent years has increased the demand for experienced professionals in private industry, public service, education, health services and cable TV, as well as a continuing need by networks, television stations and production companies. The professional TV production person has a broad range of interests, both artistic and technical. The professional has experience in many production facilities and with all the equipment normally associated with TV production. The professional can move easily from the production of commercials, to sports, to news and public affairs, to drama and game shows. Experience, versatility and creativity place the professional far above the average production personnel and much in demand.

NOTE: This Associate in Science degree program is intended primarily for students who desire to complete an associate degree and become employed rather than pursue the baccalaureate degree. The student who does decide to pursue university

transfer study must meet certain course and test requirements. For details refer to University Transfer Requirements on page 28 of the catalog.

Broadcast Copywriting (345)

Creative copywriters are much in demand throughout the broadcasting and cable TV industries. The object is to write good, clear, informative copy quickly and within the time constraints of the schedule. The training and experience can lead to advancement in programming, promotion, and producing.

Copywriting is an excellent entry position where the student can develop in association with creative professionals and work toward a specialized position in the creation of programs.

News Assisting (346 or 356)

All newsrooms for newspapers, magazines, radio, television, and cable TV require desk assistants, news assistants, news production assistants, writers, and editors who support the news operation's endless processing of the pieces of paper, photographs, video and audio tapes, telephone, telex, wire service, and teletex that constitute the news package the audience and readers receive. These positions require that the student have clear thinking and writing skills, a high degree of responsibility and dependability, and enjoy the fast-paced atmosphere of the typical newsroom.

The successful news assistant can progress to higher positions in many areas, depending on the individual's interest and talents.

Radio and TV Advertising (347)

Radio, television, and cable TV research, write, and produce thousands of local commercials every year in all size markets.

Basic skills and experience are required for entering this profession. Talent and hardwork are well-rewarded. Advancement is based on success and client satisfaction. This one-year program is designed to provide the student with the basic skills, a few month's experience, and the opportunity to prove that the necessary qualities the employer is looking for are there

TV Graphics (349)

The increasing complexity of computer-based graphics for television has created new opportunities for and demands on individuals interested in pursuing a career in this specialized technical field.

This one-year program combines an introduction to computer graphics and television production into the new specialty of TV Graphics. The student will be prepared to enter the field at television stations, cable TV companies, independent commercial production companies, advertising agencies, and in the audiovisual departments of industry, education, and government.

Admissions

All persons registering at Florida Community College at Jacksonville must have a social security number and will be required to present the social security card at each registration. Persons not having a social security number should contact the local Social Security Office for an application to obtain a number.

An individual desiring to enroll in continuing education (non-college credit) programs should contact the administrator of the center or the campus offering the desired subjects and may be admitted if the following eligibility requirements are met:

1. Be an adult — by Florida State Board Rule 6A-6.11, at least 16 years of age.
2. Present Social Security card.
3. Furnish proof of age, if asked.
4. Complete the admission and registration forms requested.
5. Meet special admission criteria, if any.

Certain continuing education occupational programs, such as Practical Nursing, have selective admission criteria. After appropriate advising, a student may enroll in a program with no special admission criteria. After completing approximately one-fourth of the program, students will be considered for formal admission into the program.

Non-resident aliens may enroll in continuing education classes; however, Florida Community College at Jacksonville will not issue immigration papers based on this enrollment.

Students wishing enrollment certification for educational benefits must be admitted to and be enrolled full-time in the diploma-seeking high school program (20 clock hours per week minimum) or vocational program (30 clock hours per week minimum).

Registration Periods

Continuing education registration periods for any term shall begin and end on dates specified by the president. Registration dates will vary by program category and campus and may be continuous throughout any term. The terms will be Fall, Winter, and Summer.

Schedule Changes

Schedule changes, commonly known as add-drop, will be allowed for high school and career advancement courses only in accordance with the schedule established by the registrar each term. Schedule changes will not be allowed for all other continuing education courses.

Transcript Requests

Upon request of the student, the college will provide to the student, or to a person or institution designated by the student, an official transcript of the student's academic record. Transcript requests may be made in person or in writing to the Campus Registration Office. No transcript request will be accepted by telephone.

NO TRANSCRIPT REQUEST WILL BE PROCESSED UNTIL ALL FINANCIAL OBLIGATIONS TO THE COLLEGE ARE CLEAR.

Students are advised to make requests approximately two weeks before the transcript is needed.

Awards for Program/ Course Completion

Three types of certificates are awarded to students in recognition of completion of program and/or course competency requirements.

Certificate of Applied Science

The Certificate of Applied Science is awarded to students who have enrolled in and satisfactorily completed the requirements for a one-year vocational competency-based program of study in preparation for employment. The area or areas of competencies completed by the student are indicated on the certificate. Before a student may receive this certificate, the student must have fulfilled all financial obligations to the college.

Certificate of Training

The Certificate of Training is awarded to students who have enrolled in and satisfactorily completed competencies in a vocational program of study of one term (semester) or less in preparation for employment. The program completed by the student is indicated on the certificate. Before a student may receive this certificate, the student must have fulfilled all financial obligations to the college.

Certificate of Attendance

This is a general purpose type of certificate used to verify the attendance of an individual in a course, seminar, or workshop-type activity. Attainments of an individual in these instructional activities may be indicated on the certificate as prescribed by the requirements of the activity.

Continuing Education Units (CEU)

Many courses award Continuing Education Units. The CEU system provides for one unit to be awarded for every 10 clock hours of instruction. A record of courses taken and CEU's earned will be maintained by the college. A student may obtain a copy of the record or have a copy mailed to a person of the student's choice by requesting such in writing in the Campus Registration Office.

Program Areas

Occupational Education

Continuing Education programs and courses offer a wide variety of preparatory and supplementary vocational training throughout the junior college district wherever the need exists and adequate facilities are located. Courses are taught in public school facilities during evening hours, in industrial plants, in commercial office buildings, on campuses and centers of Florida Community College at Jacksonville, and other suitable locations. The length and frequency of meetings for courses differ and are determined by the type and objectives of the course.

The primary purposes of these programs and courses are (1) to provide individuals with necessary skills to make them employable, (2) to provide individuals with training needed to upgrade or broaden their present skills and enhance their occupational opportunities, and (3) to provide the business and industrial community with trained personnel.

In the area of Career and Technical Education, the College maintains close liaison with, and is assisted by, program advisory committees, professional, civic, and church organizations, governmental agencies, business and industry, and other groups in determining needs and providing occupational education for the community.

A high school diploma or equivalent is not required for enrollment in most Occupational Education courses/programs but is highly recommended.

Persons can be admitted to Preparatory Occupational Education programs only for the purpose of attaining skills leading directly to securing employment.

Persons can be admitted to Supplemental Occupational Education courses provided they are currently or have been previously employed in an occupation related to the course.

Occupational Education Testing and Basic Skills Training

Students desiring to enter a non-college credit occupational program of more than 450 hours will be tested for basic communications and mathematical skills. Students scoring below the 9th grade level in mathematics and reading will be required to take appropriate basic skills training prior to receiving a certificate of completion for the occupational program.

Occupational Preparatory Education and Evaluated CEU Courses Grading System

The grading system is designed to evaluate the performance of the student as fairly and equitably as possible.

Letter grades will be assigned for courses as follows:

I INCOMPLETE

S SATISFACTORY

U UNSATISFACTORY

W WITHDRAWAL

SI SATISFACTORY/INCOMPLETE

Once a grade of S or U in a course has been reported to the Registrar, it may only be changed as follows:

1. Upon recommendation of the instructor who assigned the grade, with approval of the program director or assistant dean.
2. Upon recommendation by the department chairperson or program manager, and approved by the assistant dean, when the instructor who assigned the grade is no longer a member of the faculty of Florida Community College at Jacksonville.

The I or SI grade may be changed by the instructor within the time limit indicated in the College Calendar.

Occupational Education courses, other than occupational preparatory education and evaluated CEU courses explained before, and all Adult and Continuing Education courses, except high school credit, receive no grade (NG).

Developmental Education Downtown Campus

The Developmental Education Department at the Downtown Campus offers various programs to non-college credit students. The goal of the department is to assist students who need additional help in the academic area to reach their educational goals. Program strategies include:

1. Reading courses that may be taken for high school credit or self-enrichment.
2. Individualized instruction in reading.
3. Tutoring.
4. Diagnostic and prescriptive teaching in the Individualized Manpower Training System (IMTS) in the areas of Math, English, and Reading.

Other services include:

1. Assistance in wise career decision-making and goal-setting through the Downtown Campus career center, Occupational Assessment and Information System (OASIS).
2. In-depth student evaluation through the Evaluation Resource Center (ERC).

Adult General Education

In the area of Adult General Education, Florida Community College at Jacksonville cooperates with the public schools, community schools, health and welfare groups, civic and community clubs, business and industry, and other adult agencies to provide educational services.

Adults in the community have the opportunity to grow in basic knowledge, improve in home and community life, develop leadership and civic responsibilities, expand in knowledge in general education, and develop creativity in the fine arts.

Adult General Education Programs are offered where there is community need and interest. Florida Community College at Jacksonville is offering courses in more than 225 different locations throughout Duval County.

Many programs, courses, and services are offered on a continuing basis. Short courses, in-service training programs, and courses of specific interest may be initiated by request from individuals and groups in the community, based upon resources available at time of request.

Adult Basic Education — Academy for Adult Literacy

The Adult Basic Education Program of Florida Community College at Jacksonville is designed to provide basic literacy instruction in the fundamental academic areas of reading, writing and arithmetic.

The primary focus of study may be on any one or more of the following general knowledge areas:

1. Pre-vocational or employability skills development.
2. Improvements in home and family life.
3. Use of financial resources and consumer education.
4. Social and civic responsibilities.
5. Use of community resources.
6. Health and safety education.
7. Human and interpersonal relations.
8. Communication skills in the English language.
9. Self-fulfillment and development as a continuing lifelong learner.

Performance in these general knowledge areas will be based upon achievement in the following skill areas: reading, writing, speaking, listening, problem-solving, computation and interpersonal relations.

The Academy for Adult Literacy provides supportive services for its students in the areas of guidance and counseling, testing, specialized reading needs, and employability skills.

The Adult Basic Education Program will award the following certificates to deserving ABE students.

Certificate of Attendance

The Certificate of Attendance will be issued by the Director of Adult Basic Education to those students with excellent classroom attendance. This certificate will be based on the recommendation of the instructor.

Certificate of Achievement

A Certificate of Achievement will be issued to students successfully completing Level I, II or III of the Test of Adult Basic Education.

Certificate of Completion

An Adult Basic Education Certificate of Completion will be awarded to students who function above the 8th grade level on Level IV of the Test of Adult Basic Education.

Enrollment in Adult Basic Education classes is available to all adults who are 16 years of age or older and function at or below the eighth grade level on literacy skills.

Adult Basic Education classes are offered in adult centers which are located in schools, churches, and other available community facilities throughout Duval County at no cost to the students.

Adult High School Admission Requirements

STATUS A—APPLICANTS 18 YEARS AND OLDER WILL BE ADMITTED TO THE FCCJ HIGH SCHOOL COMPLETION PROGRAM TO SEEK AN FCCJ ADULT HIGH SCHOOL

DIPLOMA BY COMPLETING THE FOLLOWING:

1. APPLICATION FOR ADMISSION
2. SOCIAL SECURITY NUMBER
3. PROOF OF PREVIOUS EDUCATION - An applicant may transfer credits earned from grades 9-12 and be placed into appropriate courses to meet the credit requirements for graduation. Official transcripts (grades earned) and other documents can be submitted for specific course placement.
4. AGE RESTRICTIONS - Applicants 16 or 17 years old must have been out of public or private school for SIX FULL MONTHS. Proof of the last date of attendance is verified by the following:
 - a. Official transcript with date of last attendance indicated. (In a sealed envelope) OR
 - b. Official withdrawal form from the school.
 - c. Letter on letterhead stationery with last date of attendance indicated signed by a school official.
 - d. If an applicant does not attend the fall term when school convenes (opens), the waiting period begins the last day of the previous school year. One day of attendance in the fall term cancels this rule.

NOTE: Exception to this restriction is approved only as follows:

- a. A school board waiver - Letter on letterhead stationery obtained from the school superintendent (or designee) from the county school system where the applicant resides.
- b. A private school waiver - Letter on letterhead stationery signed by the principal of the school the student was attending.

STATUS B—STUDENT WILL TRANSFER CREDIT BACK TO PRESENT HIGH SCHOOL:

1. APPLICATION FOR ADMISSION
2. SOCIAL SECURITY NUMBER
3. PERMISSION LETTER - A letter on letterhead stationery from the principal or counselor is required each time an applicant enrolls. This should indicate which subject(s) are approved for transfer credit back to the high school the student is attending.

STATUS C—STUDENT IS ALREADY A HIGH SCHOOL GRADUATE (but needs credit for a specific reason; e.g., student is seeking admission to FCCJ's Nursing Program but lacks a chemistry credit):

1. APPLICATION FOR ADMISSION
2. SOCIAL SECURITY NUMBER
3. COURSE FEES - Student must pay fees for courses taken.

Adult High School Grading System

The grading system is designed to evaluate the performance of the student as fairly and equitably as possible.

Letter grades will be assigned for courses as follows:

A	EXCELLENT
B	GOOD
C	AVERAGE
D	POOR
I	INCOMPLETE
NP	NON-PUNITIVE
S	SATISFACTORY — (Course not completed-No Credit)
U	UN SATISFACTORY
W	WITHDRAWAL

Students registered in high school classes but not earning high school credit will receive a grade of NG (no grade).

Once a grade of A, B, C, D, NP, S, or U, in a course has been reported to the Registrar, it may only be changed as follows:

1. Upon recommendation of the instructor who assigned the grade, with approval of the department chairperson or program manager.
2. Upon recommendation by the director, and approval by the assistant dean, when the instructor who assigned the grade is no longer a member of the faculty.

An "I" grade may be assigned only when extenuating circumstances prevent a student from completing the course work during the regular term. To be eligible to receive an "I" grade the student must have completed at least three-fourths of the course work.

The "I" grade may be changed by the instructor to A, B, C, D, NP, or U, within the time limit indicated in the College Calendar.

Adult High School Diploma Requirements

The Florida State Department of Education has established that an adult can progress at the adult's own rate of speed and achieve credit by subject examination whenever the student judges that he or she is prepared. Thus, an adult may complete credit requirements as rapidly as the adult is able to prove his or her knowledge and skills.

A minimum of 24 unuplicated credits, grades nine through twelve, is required for an Adult High School Diploma. The credit requirements are as follows:

1. English 4 credits
 - A. English 3 credits
 - B. Writing/Composition 1 credit
2. Science 3 credits
 - A. Laboratory Courses 2 credits
 - B. Lecture Courses 1 credit
3. Mathematics 3 credits
4. Social Studies 3 credits
 - A. American History 1 credit
 - B. World History 1 credit
 - C. American Government .5 credit
 - D. Economics .5 credit
5. Reading 1 credit
6. Life Management Skills .5 credit

7. Practical Arts Voc. Ed/Expl. Voc. Ed. .5 credit
8. Performing Fine Arts .5 credit
9. Electives 8.5 credits

Graduation Requirements

Student must:

1. Complete 24 credits: 15.5 credits of general course requirements and 8.5 credits of approved electives.
2. Complete a minimum of 2 credits at FCCJ.
3. Receive a passing score on the State Student Assessment Tests: Parts I and II.
4. Acquire a minimum cumulated GPA of 1.5.
5. Be classified as Admission Status A.
6. Apply for graduation with high school advisor.

Credit By Examination

Students may earn credit by examination. Check with the advisor for specific courses.

College Preparatory Program

Students planning to attend one of the nine Florida state universities must complete specific high school courses. Check with the advisor for these requirements.

State Student Performance Standards

1. All students must either pass State Student Assessment Test, Part I (SSAT I) at their previous high school, or be certified in Basic Skills through testing to meet requirements of SSAT I.
2. All students must pass the State Student Assessment Test, Part II (SSAT II) prior to graduation.

No student shall be granted credit toward a high school diploma for enrollment in the following courses or programs:

1. More than nine elective credits in remedial programs as provided for in FS* 236.0841, and Remedial Programs as provided for in FS* 236.088.
2. More than one-half credit in Exploratory Vocational Courses as defined in FS* 228.041(22)(d).
3. More than three credits in Practical Arts Home Economics as defined in FS* 228.041(22)(d).

Students enrolled in the Adult High School program in pursuit of the high school diploma after the beginning of the 1978-79 school year and before the 1984-85 school year are required to meet only those requirements for graduation that were in effect at the time of their enrollment when such enrollment has been continuous except for summer terms.

It is the high school student's responsibility to make application for graduation after the student has completed requirements. Before a student may graduate, the student must have fulfilled all financial obligations to the College.

*Florida Statutes

Military Service Credits

A person who has been admitted to the Adult High School Completion Program may request an evaluation of military educational experience and service by submitting documentary evidence to the Campus Registration Office.

High School Equivalency Diploma

The GED (High School Equivalency) Examination is a battery of five tests administered monthly by Florida Community College to any person who is at least 18 years of age, out of school, and has a Florida address. Information on test registration may be obtained from any campus Student Records and Admissions Office. The registration fee is established by the Department of Education. Persons who pass the exam receive a diploma from the State Department of Education.

HIGH SCHOOL REVIEW classes for GED test preparation are available through each campus. The classes provide intensive review in areas covered on the GED Exam.

In addition, the GED TESTING SKILLS SEMINAR provides critical testing information for persons who wish to take the GED exam without enrolling in High School Review classes.

High School Testing Program

BASIC SKILLS CERTIFICATION TESTING is required for graduation for students who have not passed the State Student Assessment Test, Part I (SSAT I). Information may be obtained in the High School Counseling office on any campus.

STATE STUDENT ASSESSMENT TEST, PART II (SSAT Part II) is required for high school graduation. Information and applications are available in the high school counseling office on any campus.

HIGH SCHOOL CREDIT-BY-EXAMINATION (HSCBE) is available in a variety of high school academic subjects. Students may register for HSCBE in the high school counseling office on any campus.

Senior Adult Center

The Senior Adult Center is a resource center for the educational needs of senior adults. It provides a variety of educational experiences for older adults. Approximately 170 continuing education courses are offered in locations throughout the community, with particular emphasis on interests and concerns of senior adults. Seminars and workshops addressing specific needs are offered periodically to provide further training. For information or counseling, call the Senior Adult Center Office at the Downtown Campus, Room 3106, 101 West State Street, 633-8390.

Independent Living for Adult Blind (ILAB)

ILAB is an instructional program for blind adults. The Home Management/Personal Safety course is modularized, allowing students to elect various components according to need. In Home Management, the student is taught skills necessary to maintain a home effectively. In the Communica-

tions component, the student may learn braille, typing, use of handwriting aids and appropriate electronic equipment. Personal safety is emphasized in Orientation and Mobility training which allows a blind person to move about safely and master skills necessary for independent travel. Counseling is also available for students and their families.

Women's Center

The Women's Center is located at the Downtown Campus, 101 West State Street, Room 3106. Personal, educational, and career counseling services are available to Florida Community College at Jacksonville students and members of the community. Class offerings include Assertive Training, Opening Doors for the Widowed, Career Development, Back to School/Back to Work, Opening Doors for Women, Supervisory Training, and others. The center also offers special programming—short courses, workshops and seminars—to community organizations. Special programs have been designed for community business and professional women (once monthly, Women's Information Exchange luncheons), for women in industrial training programs, single mothers, and women starting their own business. Call 633-8311 for additional information.

CHALLENGE: THE DISPLACED HOMEMAKER PROGRAM, is a uniquely designed three-week training program for displaced homemakers. A displaced homemaker is defined as an individual who:

1. is 35 years of age or older;
2. has worked in the home, providing unpaid employment;
3. is not gainfully employed;
4. has had or would have difficulty securing employment;
5. has been dependent on the income of another family member but is no longer supported by such income, or has been dependent on federal assistance.

Challenge provides an intensive training and counseling program with emphasis placed on self-assessment, confidence building, goal setting, educational re-entry, decision making and job seeking. Supportive services in the form of child care and transportation allowances are provided.

Challenge is located on the Downtown Campus, Room 3106, 101 West State Street, 633-8316.

Nursing Continuing Education

A Nursing Continuing Education program is planned to meet the educational needs of nurses in updating knowledge and skills required for current practice. Continuing education courses are designed to enhance the quality of nursing care provided to the public.

Nursing practice is based on a continuously expanding body of knowledge and skills which prepares nurses to function effectively as members of the health care team.

Reassessment of learning needs and ongoing evaluation of current offerings is the basis for future program development. Topics and locations will vary to meet the needs of the nursing community.

Community Services

Through its program of Community Services, the college offers programs of study, institutes, short courses, seminars,

workshops, clinics, and lectures to meet the educational needs of adult groups in the community.

Requests for such courses are encouraged. Consideration for such courses is based upon the level of instruction, the number of persons interested, and the availability of resources and qualified instructional personnel at the time of request.

Adults desiring to enter adult classes or programs should apply in person at the adult center or campus offering the subjects of their choice.

The department of Student Affairs is dedicated to the provision of a comprehensive array of high-quality services designed to promote the successful achievement of student goals. Student Affairs is committed to a close and cooperative working relationship with all other departments within the College to ensure the actualization of the common goal of student development.

The explicit purposes of Student Affairs are:

- To provide direct services, consultation, training and educational programs necessary to support students in the pursuit of their educational goals; and
- To promote, in concert with other College professionals, the successful outcomes related to the goals of student development.

Admissions

Admissions services are provided by the Offices of Admissions and Student Aid. These services relate to the marketing of FCCJ programs, providing pre-enrollment information, recruitment of students, and assisting students in applying for College.

Admissions' personnel facilitate the entry or reentry of students to the College and help ensure that the application and admissions process are smooth.

Students are encouraged to visit a campus Admissions and Student Aid Office for personalized service in making the transition to College.

Academic Planning

The college has counselors and advisors to assist students in planning their academic goals. Academic advising is available to the student to identify courses, select majors, select a transfer institution and assist with academic problems. Students are encouraged to be advised on a regular basis in order that they will achieve their educational objectives. Appointments are scheduled through the Student Affairs Office on each campus.

Counseling

Career, academic, and personal counseling services are provided by the Student Affairs Office. Counselors are available on each campus and students are encouraged to consult with counselors to discuss issues relating to interpersonal relations, study skills, or any life-coping concerns.

Career Planning Services

As a part of the College's role of helping individuals reach their full potential, career planning services are offered through the Student Affairs Office on each campus.

Students who are undecided about their future career plans are encouraged to make an appointment with a counselor on the campus of their choice to begin the career planning process.

A variety of services are available in the Career Planning Centers:

- Career related testing
- Career Research (with up-to-date information on occupations, job requirements and career opportunities)
- CHOICES (an easy to use computer program that will help students with career decisions)
- Career counseling

Additionally, the Downtown Campus offers outreach services to non-enrolled individuals who are interested in career planning or a career change.

Career Development Center

Business and industry may contract for career planning services. The contracts may include:

- Customized services (tailored to meet the needs of the business)
- Career-related testing (interest, personality and aptitude)
- Career research
- CHOICES
- Career Counseling
- Outplacement Counseling

Job Placement Services

Job Placement Services, in support of the college's commitment to meeting the educational needs of the community and to providing business, industry and government with trained personnel, assumes the responsibility of helping students make a smooth transition from college to meaningful employment. In addition to helping students and graduates locate jobs, the Job Placement Services helps students develop the skills necessary for successful job-hunting and job selection.

Special Services For Disabled Students

A variety of specialized support services are available for disabled students at FCCJ. These services include:

- Career Counseling
- Tutorial Services
- Reader Services (for visually impaired students)
- Interpreter Services (for hearing impaired students)
- Notetaker Services
- Special Parking Permits (for mobility impaired students)
- Special Early Registration Appointment
- Job Placement Services
- Loan Program for Talking Calculators, Braille, etc.

For additional information, students should contact the Technical Assistant on the campus they plan to attend or call Disabled Student Services at 757-6366 voice or TTY.

Campus Records Office

The purpose of the Campus Records Office is to provide information regarding registration, student records, and graduation. The Office also accepts applications for admission, transcript requests, enrollment verification requests, and student record changes such as address, name, and grades.

Assessment Services

Credit-By-Examination

A student may earn up to 45 semester hours credit toward an associate degree through credit-by-examination. This may be a combination of Advanced Placement, College Level Examination Program, Subject Standardized Tests and/or transfer credit. Credit not counted within this 45-hour limit may be obtained by participation in the Proficiency Examination Program. For more information regarding the following tests, contact the Campus Records Office or Assessment Services.

ADVANCED PLACEMENT TEST (AP) is a nationally developed program for acquiring college credit while enrolled in high school. Credit is granted for scores of 3, 4, or 5 on approved tests. Fees are set by the College Entrance Examination Board. **COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)** is a nationally developed program for credit-by-examination. Credit may be granted for scores at or above the established criterion score on approved tests. Fees are set by the College Entrance Examination Board.

PROFICIENCY EXAMINATION PROGRAM (PEP) is Florida Community College at Jacksonville's program for awarding college credit-by-examination. Fees are set by the College's Board of Trustees.

SUBJECT STANDARDIZED TEST (SST) is a program developed for military personnel by the Department of Defense for awarding credit-by-examination under the auspices of Defense Activity for Non-traditional Educational Support (DANTES). Credit on approved tests will be awarded for scores at or above levels approved by the State Board of Education. Information, applications and a list of approved tests may be acquired from the Navy Campus for Achievement (NCA) offices on local Navy bases or Education offices in other branches of the military service. Fees are set by DANTES. Students may submit credit earned through DANTES for Florida Community College credit evaluation through Assessment Services. Credit for approved tests will be awarded for scores at or above levels approved by the State Board of Education.

Achievement/Entrance Exams

Assessment Services administers the American College Test (ACT) on nationally scheduled test dates. Information on this test may be obtained from Assessment Services or the Campus Records Office.

In certain FCCJ programs (Allied Health), an academic skills test may be required. The California Achievement Test (CAT) is one such test. The program advisor for each program has information on these test requirements.

ENTRY PLACEMENT TESTING is required of new degree-seeking college credit students in order to assist them with course selection. Non-degree seeking students planning to take English, Reading, or Math must also be tested.

FCCJ utilizes the Florida MAPS as its entry placement test. The MAPS includes subtests of writing, reading, and math skills.

FCCJ also accepts scores for the ACT, SAT, and ASSET. These scores may exempt students from further testing. Students should have an official copy of test scores sent to the

address listed below at least four weeks prior to registration for classes.

FCCJ Assessment Services
Kent Campus A104
3939 Roosevelt Blvd.
Jacksonville, FL 32205-8999

Information is available from Assessment Services, the Campus Testing Coordinator on any campus or from the Campus Records Office.

HIGH SCHOOL TESTING is required of high school completion students. Refer to the high school completion section of this catalog for further details.

Other Testing Services

COLLEGE-LEVEL ACADEMIC SKILLS TEST (CLAST) is a statewide test of college-level communication and computation skills developed by the State of Florida, and required of all sophomores before they may receive an Associate in Arts degree.

The CLAST is designed to test the communication and computation skills that are judged by state university and community college faculty to be generally representative of the sophomore level of achievement. The test is required by Florida statutes and rules of the State Board of Education.

The CLAST is administered three times per year to community college sophomores who are:

(1) completing the Associate in Arts degree; or (2) completing the Associate in Science degree and who are seeking admission to upper level programs.

Students who do not take the test and achieve satisfactory scores will not be awarded the Associate in Arts degree. Students who have passed three of the four CLAST subtests may enroll in a state university for up to 36 semester credits in upper division before being required to pass the fourth subtest. The CLAST requirements also apply to students transferring to community colleges from private colleges in Florida and from out-of-state colleges.

Additional information on CLAST is available in the Campus Records Office and Assessment Services.

CAREER TESTING is available at each campus. Aptitude, interest and personality tests are available which can provide information useful to career decision-making. Contact the Campus Career Development Counselor for further details.

COMMUNITY SERVICE TESTING is provided for the following examinations:

ACT-PEP is a national program to provide credit-by-examination. Credit for this exam is not accepted by FCCJ. Information for the ACT-PEP may be obtained in Assessment Services.

DENTAL CERTIFICATION EXAMINATION is administered through the Dental Assisting National Board, Inc. for certification of Dental Assistants. For application and information concerning fees, contact the Dental Program at the North Campus.

INSTITUTIONAL TESTING is provided to those persons who need secure testing conditions, such as testing for a correspondence course. Arrangements for testing services must be made through Assessment Services in advance of the testing date.

MULTI-STATE INSURANCE LICENSING is provided to those persons wishing to enter the insurance profession. The test is developed, administered and scored through the Educational Testing Service. Applicants must apply to the State Insurance Commission for authorization to test.

NURSING ASSISTANT CERTIFICATION EXAM is given to those persons seeking State Certification in the nursing assistant profession. Fee is \$10.00 for the written examination and \$40.00 for oral exams. Registration for the test is through the Campus Records Office.

Student Aid

Florida Community College at Jacksonville has a wide variety of aid available for students who apply and qualify for financial assistance. There is an Admissions and Student Aid Office on each campus whose primary purposes are to assist students in matriculation and the student aid application and award process. Proper registration is a prerequisite for the receipt of all student aid.

FINANCIAL AID

Types of Aid:

Provided by the Federal Government

Pell Grant:

Awards are based on need and are up to 60 percent of the cost of education for Fall and Winter Terms.

Supplemental Educational Opportunity Grant:

Awards are available to those who have exceptional need. Awards range from \$200 to \$2,000 for the academic year.

College Work-Study:

Part-time employment up to 15 hours per week is available to those with financial need. Most jobs are on campus. Minimum wage is paid.

National Direct Student Loan:

Low interest loans for those who qualify on the basis of family income. Loans are repayable in installments six months after the borrower is no longer enrolled in college at least half-time. Maximum is \$1,500 per academic year.

Provided by State of Florida

Florida Student Assistance Grants:

Up to \$540 total for Fall and Winter Terms to Florida residents who demonstrate the greatest financial need and the most promise for academic success.

College Career Work Experience Program:

Pays selected students with financial need, to work in their declared major area of study with qualified private and public employers.

Guaranteed Student Loans:

Qualified students may borrow up to \$2,500 per academic year not to exceed educational costs.

Scholarships and Talent Grants

Provided by State of Florida

Florida Academic Scholars' Fund:

Awarded to entering freshmen who are Florida residents, graduated in upper 2 percent of their high school class, scored at least 1200 on the SAT or 28 on the ACT, and have a 3.5 GPA. Award for selected students is approximately \$625 per term.

Provided by Florida Community College

Academic Achievement Scholarship:

A \$1,100 scholarship for the academic year to selected entering college students with a minimum 3.5 high school grade point average.

Scholars Award:

College students who have earned at least 12 semester hours with a minimum 3.5 cumulative grade point average may be considered for these \$850 scholarships.

FCCJ/UNF Scholarships:

Pays tuition costs at FCCJ and UNF for one outstanding graduate from each public high school in Duval and Nassau Counties and designated accredited private high schools in Duval County. Student is recommended by the principal.

General Academic Scholarships:

A \$600 scholarship for the academic year to selected entering college students with a minimum 2.75 high school grade point average.

FCCJ Foundation Scholarships:

Each year, the FCCJ Foundation, Inc., provides funds for scholarships to selected students with defined academic abilities, talents or designated programs of study.

Need-Based Scholarships:

A portion of funds collected from tuition payments is designated as awards to needy students. The criteria and awards to students approximate those for the Supplemental Educational Opportunity Grant.

President's Award:

Provides grants for students in special categories who distinguish themselves academically and demonstrate exceptional potential for success in college. Some categories are: Brain Brawl, Vocational Student Organization, First Coast Mathematics Competition and the Science Fair Award.

Black Incentive Grants:

Provides up to \$1000 a year for selected black students who meet the academic criteria.

Disabled Student Grant:

Provides up to \$500 a year for properly certified students.

Talent Grants:

Pays tuition and fees at FCCJ for those selected with outstanding talent in the following areas:

Athletics
 Music
 Drama
 Art
 Forensics
 Student Government Association
 Leadership
 Miss FCCJ
 Brain Bowl
 Math Olympics
 Computer Competitions
 Student Newsletter

Short-term Loans:

Available to students with documented need and ability to repay who have no other source of funds with which to meet temporary cost of education.

*FCCJ Student Work Program***Student Assistants:**

The purpose of the Student Assistant Program is to supplement the college's regular work force with student employees. Students may work on campus in positions requiring technical skills. Students are paid minimum wage for a maximum of 20 hours per week.

Application Process and Eligibility

The College Scholarship Service Financial Aid Form is used to determine eligibility for federal financial aid. These forms are available at each campus Admissions and Student Aid Office. Students should apply early, preferably by March 15. It takes approximately six weeks to process a Pell grant.

When requesting aid from federal sources, students need to provide documentation such as:

- IRS Forms 1040 or 1040A, or 1040EZ with all W-2 forms.
- For non-taxable income: written statements from agency providing funds (Social Security, AFDC, unemployment compensation, veterans disability or death benefits.)
- Written statement from employers of expected current year income.
- For alimony or child support: copy of divorce decree or separation order.

Once need has been established, a "package" of financial aid is offered. This package will usually include some combination of loans (which must be repaid), grants (which need not be repaid) and part-time employment. Assistance is provided without regard to race, sex, physical handicap, or age.

In order to be eligible for federal financial assistance, a student must be enrolled at least half-time in a college credit program or be in an eligible vocational program. A listing of eligible vocational programs is maintained in campus Admissions and Student Aid Offices.

The campus Admissions and Student Aid Office should be contacted for enrollment criteria pertaining to state and college awards.

Students admitted under the following classifications are NOT eligible for federal financial aid:

Special student
 Non-degree seeking
 Accelerated high school
 Audit
 Early Admission

In order to be eligible for financial assistance, students must submit applications each year and maintain satisfactory progress.

Financial aid transcripts from other colleges attended are also required.

Academic Progress

Financial Aid standards of progress are maintained in the Student Aid Administrative Procedures Manual. These standards are given to the students at the time they apply for aid. Additional copies are available in each campus Admissions and Student Aid Office.

Student Aid Appeals

Any administrative action taken as a result of the application of the academic progress policy may be appealed by the student. Financial aid will be reinstated for a student whose appeal is approved by the Student Aid Advisory Committee. Information on the appeal procedure is available at campus Admissions and Student Aid Offices. Termination of financial aid has no effect on the student's right to remain as a student at the College.

Veterans Affairs

A veterans representative is located in the Admissions and Student Aid Office on each campus to provide forms and information pertaining to educational assistance for veterans.

Types of Programs, Eligibility and Benefits

Veterans Benefits are a form of student aid awarded to eligible persons based on their military service. There are currently six programs provided under Title 38 of the United States Code which authorize payment of educational benefits to eligible persons.

Chapter 30—New GI Bill

Provides benefits to members of the armed forces who entered on active duty for the first time after June 30, 1985.

Chapter 31—Disabled Veterans

This program provides educational assistance to disabled veterans who are in need of vocational rehabilitation. To be eligible, a veteran must have a service-connected disability which entitles the veteran to disability compensation.

Chapter 32—Veterans Educational Assistance Program

This program provides benefits to persons who initially entered service after December 31, 1976. Service persons who have contributed to the education fund will have their contribution matched by the VA at the rate of two dollars for every dollar contributed by the service person.

Chapter 34—Vietnam Era Veterans

This Vietnam Era G.I. Bill provides benefit payments to veterans whose period of active service began after January 31, 1955 and prior to January 1, 1977. Veterans may be eligible if they had at least 181 days of continuous active service and were discharged/separated under conditions other than dishonorable. The veteran has 10 years from the date of discharge or separation from active duty to use the entitlement. The final ending date for all Chapter 34 benefits is December 31, 1989.

VA Educational Benefits*

Type of Training	Ea. Add.			Full-time
	No Dep.	1 Dep.	2 Dep.	
	\$376	\$448	\$510	\$32
Three-quarter	283	336	383	24
Half-time	188	221	255	17

*For Chapter 34 recipients, consult the campus Admissions and Student Aid Office for payments under other programs.

Chapter 35—Survivor and Dependents

Sons, daughters, spouses, and surviving spouses of veterans who died in service, who died as a result of a service-connected disability, or who became permanently and totally disabled as a result of a service-connected disability, may be eligible for educational assistance. Benefits are paid at the single rate.

Chapter 106—Selected Reserve Program

Members of the selected reserve who are certified by their unit commander and the VA may receive \$140 per month for full-time enrollment and \$70 per month for half-time enrollment.

Application Process

—Students should go to the Admissions and Student Aid Office on campus and complete the necessary applications.

—Provide copy of DD214 for veteran or Certificate of Eligibility from VA for survivor or dependents.

—Provide copy of marriage license and birth certificate, if applicable.

—NOTE: One deferment of tuition charges per year is available for those who qualify.

Enrollment Restrictions

For an eligible student to receive VA benefits, the student's enrollment must be certified by the College. There are restrictions as to the programs and courses for which a student may be certified.

1. A student may only be certified for programs, courses and terms that have been approved by the state approving agency.
2. A student may only be certified for courses which are required for graduation in an approved program. Veteran student enrollments are audited against program requirements.
3. A student may not be certified for any program or course after unsatisfactory progress until the cause of the unsatisfactory progress has been resolved through counseling.
4. A student may not be certified for an audit course, a course for which the student has previously received credit, or within one year, the repeat of an IF grade.
5. Veterans must follow the program of study outlined in their Graduation Status sheet.
6. An individual who enrolls exclusively in Independent Study courses, including television courses, will be ineligible for benefits.

Students are required to notify the Office of Admissions and Student Aid each time they make a change in enrollment.

Standards of Progress

College Credit

In order to continue to be eligible for certification to receive benefits under Chapters 31, 32, 34, 35 or 106, Title 38, U.S. Code, veterans and other eligible persons must achieve satisfactory progress toward educational goals by meeting the following standards:

1. Students who have attempted 20 but less than 30 semester hours must have an FCCJ cumulative grade point average of 1.50 as measured by the college credit grading system.
2. Students who have attempted 30 but less than 45 semester hours must have an FCCJ cumulative grade point average of 1.75 as measured by the college credit grading system.
3. Students who have attempted 45 or more semester hours must maintain an FCCJ cumulative grade point average of 2.00 as measured by the college credit grading system.
4. Students who fail to attain, or drop below, the required FCCJ cumulative grade point average will be placed on probation for one term.
5. Students who fail to attain the required FCCJ cumulative grade point average after being on probation for one term will be reported to the Veterans Administration as making unsatisfactory progress.
6. Non-punitive grades (NP or W) will be reported to the Veterans Administration.

Veterans reported for failure to attend class for two consecutive weeks will be contacted by the Director of Student Aid. In the absence of a satisfactory explanation and immediate resumption of attendance, the veteran will be reported to the VA as having terminated attendance in that course as of the beginning date of the two-week period of absence.

Continuing Education

In order to continue to be certified to receive VA educational benefits, a veteran must achieve satisfactory academic progress toward the declared and approved educational goal by meeting the following standard:

The veteran must be evaluated by the professor as satisfactory at the end of each term. Grades "S" or "SI" are considered satisfactory progress.

Veterans are allowed three days of unexcused absences per calendar month. Excused absences are those occurring for the reasons cited hereafter, and officially accepted by the Director of Admissions and Student Aid.

1. Personal Illness

Must be supported by a physician's signed statement on letterhead stationery, specifying the dates the student was incapable of attending classes.

2. Death in Family

Pertains to death of parent, spouse, children, brothers, or sisters only. Must be supported by valid evidence which indicates date of death and relationship of deceased person to the veteran.

3. Jury Duty

Must be supported by a document from the court showing dates of jury service.

Documentation of excused absences must be submitted not later than the tenth calendar day of the month following the month in which the absences occurred.

All absences (excused or unexcused) are reported to the Veterans Administration. Partial days of absence are converted to full days. Persons terminated for excessive absence will be eligible for recertification at the beginning of the following term providing other enrollment criteria are met.

Continuing Education Tardiness Policy

Up to 30 minutes late, the student is marked "tardy".

After 30 minutes, the student is marked "absent".

Three tardies in one week will be counted as one day of absence.

Standards of Conduct

Conduct standards for financial aid and veteran students are the same as those for all students, and are set forth in this catalog.

Deferment and Short-Term Loan Due Dates

The VA deferment and short-term loan due date is determined as follows:

1. If the term is at least 60 calendar days in length, the obligation must be cleared not later than 60 calendar days from the beginning date of the term.
2. If the term is for less than 60 calendar days, the obligation must be cleared not later than 10 calendar days from the end of the term.

NOTE: If the date falls on a Saturday, Sunday or holiday, it may be paid the next work day.

Community and Co-curricular Activities

The Community and Co-curricular Activities Program is designed to offer opportunities for the social and cultural

development of students, as well as for college staff and the community. Information about the program is published in the Student Activity Calendar and the Student Activity Newsletter.

Some of the programs offered each year include:

Artist Series — a wide range of professional events in the areas of musical theatre, pop, drama and dance;

Film Series — includes many film classics and a variety of contemporary and popular film selections;

Art Exhibits — include continuous student art exhibits in the Fine Arts area at the South Campus as well as numerous guest exhibits;

Special Events — include a variety of college-wide events such as the Talent Variety Show, the Christmas Dance, the Spring Dance, and the Miss FCCJ Pageant. In addition, numerous on-campus events are held each term, such as vaudeville acts, magicians, chess and lilliard exhibitions.

Student Activity Card

All college credit students receive activity cards (registration receipt) for each term at the time of registration. This card is required to pick up tickets for the Artist-Lecture Series events and for special discount passes available from the Student Activities offices. Continuing Education students must show their registration receipt to pick up tickets. Students must pick up their own tickets.

Performing Organizations

These organizations offer college credit or have emerged from college credit courses. A wide variety of quality educational offerings provide diverse activities that enrich individual students and the college at large, and contribute to the community. Included among these organizations are the FCCJ Chorale, The Jazz Show Choir, FCCJ Players (drama), the Jacksonville Concert Chorale, the Jazz-Rock Ensemble and the Symphonic Band.

Student Government Association

Each campus has a Student Government Association (SGA) which is recognized as the official student organization representing students at the college. The SGA of each campus is charged with the responsibility of participating in the college governing process through the student, faculty, and administrative Campus Councils. Each campus SGA also participates in the SGA Executive Board, thus coordinating the college-wide needs of students. Each campus SGA is a member of the state-wide Florida Community College Student Government Association.

Campus Organizations

Numerous campus student organizations are available at FCCJ. Some of the organizations include Phi Theta Kappa, an organization which recognizes academic achievement; Forensic Team; literary and art magazine; Brain Bowl Team; and the International Student Association. The Student Activities Office provides assistance and encouragement to those interested in starting new organizations, and support for existing organizations.

NOTE: The organization advisor, president and treasurer should contact the campus Student Activities Office for complete information before any financial transactions are initiated or any membership dues are collected.

Intramural-Recreational Activities

Both group and individualized intramural-recreational activities are provided by the college. Activities include flag football, volleyball, badminton, basketball, archery, soccer, softball, tennis, bowling, table tennis, horseshoes, billiards, and golf. Special discount passes to a variety of community recreational facilities, including bowling, golf, driving range, putt-putt golf, and movies are also available at substantial savings from each campus Student Activities office.

Intercollegiate Athletics

A diverse program of intercollegiate athletics is available at the college. Basketball, tennis, and golf are sports activities based at the South Campus. North Campus is the location for baseball, softball, cross-country, and track.

Students may participate in the college-wide intercollegiate athletic program irrespective of the campus where they attend classes. Anyone interested in participation should contact the coach on the campus or the Director of Athletics.

The college is a member of the Mid-Florida Conference of the Florida Community College Activities Association, and the National Junior College Athletic Association.

Student Responsibility and Due Process Procedure

Student Code of Conduct

This code contains regulations for dealing with alleged student violations of College standards of conduct in a manner consistent with the requirements of due process. It also contains descriptions of the standards of conduct to which students must adhere and the penalties which may be imposed for the violation of those standards.

Attendance at the College is a privilege, and in order to maintain the College ideals of scholarship, character, a commitment to excellence, the right is reserved by the College to establish rules and regulations to further these ideals which require student compliance for the welfare of the College community. These rules and regulations are found in Board Rule 6Hx7-17.1. It is the intent of the College, that students understand that individual rights involve associated responsibilities, and that individual rights must be viewed in relationship to the health, safety, and welfare of the College community.

Students enrolled in any degree, diploma or certificate program are subject to federal and state laws, respective county and city ordinances and all rules and regulations of the College.

Violations of Student Conduct Code

Violations of published laws, ordinances or rules and regulations may subject the violator to appropriate disciplinary action by the College authorities.

Prior to any disciplinary actions taken, the student is entitled to procedural due process. This means that the student shall be provided:

1. Reasonable notice of the charges
2. A general time frame for resolution
3. An opportunity to present his/her side of the controversy

Disciplinary action, unless otherwise provided by law, may include fines; the withholding of diplomas, certificates or transcripts (pending compliance with rules or payment of fines) and/or the imposition of probation, suspension or permanent dismissal.

The President, a Vice President/Provost, or an appropriate designated College officer may, without a hearing, temporarily order the removal from College property of an individual charged with a suspendable offense that is deemed to present a clear and present danger to the welfare of the College. The student ordered removed will be required to remain off College property until a hearing is provided regarding the matter. This removal can last up to five College days. In the event of the temporary removal, a written notice of a hearing will be mailed (certified) prior to the expiration of the five days.

The following violations of the code of conduct are outlined in the Board of Trustees Rules:

Any act or behavior on the part of the student which tends to interfere with or otherwise disturb the orderly conduct, processes, functions and/or interests of the College is expressly prohibited.

Such acts or behavior may include, but are not limited to the following: consumption of alcoholic beverages on campus

or at a college function, illegal use or possession of drugs or narcotics, cheating in any form, the use of indecent or abusive language, gambling, hazing as defined in Chapter 240.326, Florida Statutes, vandalism or destruction of property, falsification of records or statement to the college, unauthorized use of the college name, lewd or indecent conduct, violence against any member or guest of the college community, theft or willful destruction of college property or of the property of members of the college, interference with the freedom of movement of any member or guest of the college, obstruction of the normal processes and activities of the college community, deliberate interference with the rights of others, violation of a federal or state law, a county or city ordinance, repeated offenses of a less serious nature, any other offense reasonably deemed to be contrary to the best interest of the college.

All alleged student violations of the code of conduct of the College are referred to the office of the campus Student Affairs Dean. Any administrator, faculty member, guest of the College, law enforcement official or student may allege a violation against any student.

The Student Advocacy Officer will represent the Vice President of Student Affairs in matters of student rights and responsibilities to ensure fair treatment of students, adherence to principles of due process, and the timely resolution of all matters.

Guidelines for procedural due process are available in the campus Student Affairs Office. Students who have questions or are in need of assistance should contact the Student Affairs Dean on their respective campus or the Student Advocacy Officer.

Student Appeals

Every reasonable attempt should be made to resolve informally any dispute between a student and the college at the level at which the dispute arises. Recognizing that such matters cannot always be resolved informally, FCCJ provides a formal process through which students can appeal the application of certain college rules and regulations and the assignment of final grades. In all cases, it is the intent of the college to assure the fair and equitable treatment of students.

Students wishing to initiate a formal appeal should contact the Office of Student Affairs on their campus. That office will provide the information and guidance necessary to initiate a student appeal.

Suspension, Termination or Cancellation of Enrollment

The college reserves the right to suspend, terminate or retroactively cancel the enrollment of any student for disciplinary reasons.

Student Records and Privacy

Pursuant to Public Law 93-380, the Family Educational Rights and Privacy Act of 1974, students and their parents are advised of certain practices and procedures at Florida Community College at Jacksonville which relate to student records.

Once a student reaches the age of 18, OR is enrolled in a post-secondary program, parents no longer have any rights to student information under this act unless the student gives

written consent to release the information to the student's parents, OR the parents provide evidence that the student is a dependent of the parents as defined in section 152 of the Internal Revenue Code of 1954.

Under this act, a student or parent (if eligible) will be accorded access to the student's record within a reasonable time after the submission of a written request to the custodian of that record. Suitable arrangements will be made by the college to permit the record to be reviewed in the presence of a representative of the custodian of the record. Either the student or parent (if eligible) has the right to challenge the content of any record he or she believes to be inaccurate, misleading, in violation of the student's rights or otherwise inappropriate, and to insert into the record any written explanation of any matter therein. The custodian of the record challenged shall conduct a hearing upon the matter, at a reasonable time and place, at which time the student or parent (if eligible) may present any evidence he or she may have in support of the challenge. If a record is challenged, the custodian of the record shall make a decision at the conclusion of the hearing. This decision may be appealed by the student or parent (if eligible) through established procedures to the Student Appeals Review Committee. Action by the college president on an appeal is final.

A student or parent (if eligible) must consent to the release of any student information other than directory information to any person or agency. This consent must be in writing, signed, dated, and must specify the information to be released, the reason for release, and the names of persons to whom the information is to be released.

The following records are maintained in the student's file: application for admission, transcripts from other colleges, academic history records, and general correspondence.

The following information about an individual student is classified as "directory information" and will be released upon request to any person. The individual student or parent (if eligible) has a right to submit a request in writing to the custodian of the student's record that all or any part of the directory information NOT be released. The request to withhold directory information must be submitted annually.

1. Name
2. Address
3. Major field of study
4. Dates of attendance
5. Degrees or awards received.

General Information

Health Services

As a community-based institution, FCCJ relies on health services provided within the community for students. Various health agencies are brought to each campus periodically to make their services available to students. Arrangements and coordination are handled by the Student Affairs offices.

Emergencies and First Aid

The campus security officer should be contacted in situations requiring the rendering of first aid. In the case of emergencies

involving students who have no physician on record, whose physician cannot be contacted, or whose families do not reside in this area, the student will be transported to the emergency room of a nearby hospital by private means of transportation of the student's choice, or by the City Rescue Squad. Expenses incurred are the responsibility of the student.

Accident Reporting

Any accident should be reported immediately to a security officer. Any driver of a vehicle involved in an accident resulting in injury or death to another, or property damage in any amount, must immediately notify a security officer who will contact the sheriff's office for investigation and accident report.

Health and Accident Insurance

The college has made available a Student Health and Accident Policy which may be purchased on an optional basis. Information can be obtained at the campus Office of Student Affairs.

Housing

The college does not maintain housing facilities for students, nor does it maintain a list of approved housing.

Parking

Faculty members, staff and students shall obtain valid parking decals and affix same to the motor vehicle which the individual operates, drives, or parks on facilities of the college. Decals are available at each campus Security office.

Bookstore

The college's bookstores are operated by a commercial bookstore operator. Textbooks, supplementary material, supplies and other items are available through each campus bookstore. Requirements for the course for which the individual is enrolled should be obtained prior to the purchase of books and supplies. Financial arrangements are matters between the individual and the bookstore.

Food Services

A food service area and vending machines are located at each campus.

Smoking

Smoking is not permitted in classrooms, laboratories, libraries, auditoriums, gymnasiums, carpeted areas, or other designated areas. This applies to both the day and the evening classes.

Library and Audiovisual Services

Learning Resources Centers housing library and media services are located on each campus.

The centers contain collections of books, periodicals, micro-

film, and pamphlet material designed to support college instructional programs. Group instruction and individual assistance in library usage are provided by an experienced professional staff. Each center provides audiovisual materials, equipment, and media production assistance for the students, faculty and administration in its geographical area.

Distribution of Leaflets and Posters

Students who want to distribute any kind of printed matter, such as posters, leaflets, or flyers, among the student body on campus must secure approval in advance. The Student Activities office will provide to students lists of certain rules governing the distribution of printed matter. The purpose of these rules is to keep the campus attractive and free of litter.

All posters, banners, showcards, etc., must be approved by the Student Activities office. All materials will be placed in those areas specified.

Student Travel

Trip approval and travel requests may be obtained through the Student Activities office.

Trips that interfere with any individual student's classroom responsibilities will be discouraged.

The faculty advisor will accompany the group or organization on all approved trips.

Occupational Education Safety

Students enrolling in Associate in Science, Associate in Applied Science, or Continuing Education industrial education programs are required to supply their own personal protection safety equipment, hand tools and tool belt or box by the third week of class. Personal protective safety equipment should comply with applicable industrial standards and hand tools should be of an industrial grade.

At the beginning of each term, faculty will provide students with shop safety rules and a list of required personal protection safety equipment and hand tool requirements and their approximate costs. Obtaining required equipment and observing prescribed safety rules are mandatory for continued enrollment in industrial education programs.

Regulation Changes

The college reserves the right to change rules, regulations, policies, and procedures at any time.

Learning Resources Centers

A Learning Resources Center (LRC), offering a full range of assistance to students, faculty and staff in the learning process, is located on each of FCCJ's four campuses. The wide variety of materials found in the LRCs consists of carefully selected books, periodicals, pamphlets, microforms, films, filmstrips, slides, records, audio and visual tapes. These materials support the instructional programs found on the respective campuses as well as the research, enrichment, and recreational needs of the students and faculty.

LRC Services

The LRCs provide competent library services through knowledgeable, courteous librarians and staff who assist users with the materials and equipment. The open stack design of each LRC also allows library users the opportunity to browse through the print collection and locate needed materials on their own.

Available services in the LRCs include circulation, reference, reserve, reader's services, and interlibrary and intracampus loans. Several LRCs have group study rooms and individual study carrels available for student and faculty use. Listening and viewing equipment and facilities are available, as well as facilities for handicapped users. Assistance and facilities for faculty are available for the design and production of a wide variety of instructional materials including black and white photographs, color slides, overhead transparencies, audio and video tapes.

LRC Features

Various LRCs also are equipped with typing rooms, conference rooms, copying machines and outside book return drops. A Union Catalog provides access to the materials located in all four of the LRCs. In addition, the college is a member of the Southeastern Library Network (SOLINET), and most of the centralized technical processing of library materials done at the college utilizes the features of that automated system.

Students are urged to familiarize themselves with the rules which have been established in the interest of all who use the LRCs. These procedures, along with other information designed to aid the student, will be found in the library handbooks and other printed materials distributed through the respective LRCs.

Hours of operation are posted at each LRC and generally correspond with the campus hours of operation.

Learning Laboratories For Individualized Instruction

Each campus has a fully staffed learning laboratory for individualized instruction open for student use on a drop-in basis. In these labs, students may pursue self-paced instruction through a variety of learning aids and may receive assistance from tutors in a number of subjects. Students may stop in during day or evening hours (hours are posted at the learning lab) and consult a tutor, use the various learning aids, and review for one or more of their courses.

In addition, practice tests and learning materials are available to assist students in assessing their readiness to take the College Level Academic Skills Test and preparing to increase their performance on this statewide test.

College Credit Registration Fees

The registration fee for college credit courses shall be:

*Per Semester Hour	
Florida Residents	\$20.50
Non-Florida Residents	\$42.75

Additional Fees

The Risk Coverage Fee is non-refundable if the student withdraws after the official close of the drop/add period for the term.

Waiver of Fees

The following classifications of individuals are eligible for waiver of tuition and fees:

Former Prisoners of War — Vietnam (College Credit).

Individual(s) who were Prisoners of War — Vietnam.

Copy of discharge is to be attached to fee statement.

Nursing	
NUR 1000C; NUR 1021C; NUR 1212C; NUR 1703C	\$7.00
NUR 2313C; NUR 2420C	\$3.50
NUR 2521C	\$1.75
NUR 2731C	\$5.25

Senior Adults (college credit)

A senior citizen who is 60 years or older and who provides proof of age, which may be driver's license or Jacksonville Transportation Authority pass, may be enrolled for one college course per term on a space available basis. Senior citizens may be admitted into a class once there have been at least ten fee paying students enrolled. Proof of eligibility is to be submitted to the campus Financial Aid office prior to registration.

Employee Reimbursement

FCCJ full-time regular employees and their dependents may be reimbursed for courses taken at FCCJ. The employee or dependent must pay his or her own fees at registration. However, upon proof of satisfactory completion of course work, employees and their dependents will be reimbursed 100 percent of registration fees, limited to six semester hours per term.

Fee Refunds

College Credit Courses

Requirements

Refunds for cancelled classes will be processed automatically on a timely basis by the Finance Department.

Students who wish to drop a class to receive a refund or clear their financial aid must report to the Campus Registration office no later than the Final Drop Day.

Final Drop Day

Final Drop Day is the last day upon which a student may drop a course and be eligible for a full refund of fees paid for that course. Courses officially dropped will be removed from the student's record. The Final Drop Day will be scheduled so that every student will have an opportunity to drop a course on or after the first scheduled class meeting. Refer to the college calendar for this deadline date for dropping courses each term.

If the college cancels a class at any time prior to its completion, the student's enrollment in that class will be cancelled and the student will be entitled to a 100 percent refund of fees paid for that class, less any indebtedness to the college. The college will notify the student and the college will initiate the refund process.

Amounts and Conditions of Refunds or Credit Memorandum

No refund will be made for a fee of less than \$5.00, unless the college cancels the class.

If a veteran's deferment is authorized and the college cancels the class(es), the deferment will be reduced by the amount of the cancelled class(es) for a student.

If a veteran fails to pay the deferred fees by the deferment date established by the college, the student will be placed on the college's Delinquency Listing and will not be allowed to register or receive transcripts.

Amounts due the college will be deducted before any check or credit memorandum to the credit card account is issued.

Payment Dates

Refund checks or credit memoranda to credit card accounts will be made in accordance with the schedule established by

the college, generally two weeks following the last official drop date.

Schedule for Payment of Fees

In order for registration to be complete, fees must be paid by the payment deadline.

Fees may be paid by cash, check (subject to being honored by the bank on which drawn), credit card account (currently Master Card, VISA), or financial aid authorization. Only deferments of fees authorized by the District Board of Trustees under Board Rule for Deferred Payment Status will be honored.

Credit Card Accounts

The college is authorized to honor credit card accounts (currently Master Card, VISA,) under the following conditions.

The signature of the holder of the card is required to honor the credit card in charging the amount of the invoice to the applicable credit card account.

The card holder may authorize another person to use the holder's credit card by submitting written authorization which identifies the person by name and contains the signature of the person who can charge.

The total amount to be paid at one time must be charged to the credit card account.

Payments made by mail through use of the credit card must contain the credit card account number, expiration date, amount charged, and the signature of the card holder as well as the student's name, social security number and identification of the college invoice.

Any refund due the holder, after deducting obligations due the college, will be made by credit memorandum to the card holder's credit card account.

Payments of Student Accounts Due the College

The Board of Trustees prohibits the registration of, release of transcripts to, or the issuance of a certificate of completion or diploma to, any student whose account with the college is delinquent.

Payment should be brought in to the Business Affairs Office at one of the campuses, or mailed to: Finance Office, College Administration, Florida Community College at Jacksonville, 501 W. State Street, Jacksonville, Florida 32202. The student is responsible for ensuring payment is made.

Agency Sponsored Payments

In instances in which a sponsoring agency or organization has agreed in writing to reimburse FCCJ for the registration fees and/or books for a particular student and does not render payment to the College in the prescribed manner, the sponsored student(s), will be liable for any charges incurred on his/her behalf and will be billed by the College. The student will be required to render payment within 10 days of the billing date.

Continuing Education Registration Fees*

Fees charged for non-college credit Adult and Occupational Education courses range from approximately thirty-four cents (\$.34) to fifty five cents (\$.55) per total class contact hour. In most instances, fees for non-Florida residents are double those of Florida residents. Fees for most Avocational and Recreational courses are \$1.50 per contact hour. For actual course fees, please check the current term's Continuing Education Class Schedule.

Professional Malpractice and Liability Insurance Risk Coverage Fees

Continuing Education Courses	Per Course
Cosmetology COY 0309, 0310, 0311.....	\$ 5.00
Medical Assisting MEA 0310	\$ 7.00
Nurse Assistant NUA 0310	\$ 1.00
Practical Nurse PRN 0310	\$14.00
Surgical Technician STO 0310.....	\$ 7.00
Emergency Medical Care EMS 0119	\$ 7.00
Accident Insurance Risk Coverage Fee	
Fire Fighter Min Strd. Course FFP 0005	\$ 4.00

The Risk Coverage Fee is non-refundable, if the student withdraws after the official close of the drop/add period for the term.

Duplicate Registration Receipts

HIGH SCHOOL COMPLETION, VOCATIONAL, NON-COLLEGE CREDIT OCCUPATIONAL EDUCATION AND ADULT CONTINUING EDUCATION

Each duplicate of Registration Receipt\$5.00

Test and Examination Fees

General Education Development Test (GED) (High School Equivalency)	
One test	\$ 3.00
Total battery	\$14.50
(Fees established by the State Department of Education.)	
Validation of GED scores from out-of-state, United States Armed Forces Institute (USAFI) or DANTES (includes diploma if entitled)	\$ 5.00

Fee waived for students enrolled in a high school course for credit, if student wishes to take the test for that particular course.

Test fees are to be paid at time of making application for the test.

Fees for Ceremonies Conducted for Special Programs

The president or official designee shall determine the items to be purchased by the college which will permit the conducting of ceremonies in accordance with established traditions for

special programs, primarily in the Health Related Education area. The charge to the student shall not exceed the cost of the items purchased for each student.

Waiver of Tuition and Fees

Individuals enrolled in the following courses and/or programs are eligible for waiver of tuition and fees:

*NOTE: Fees listed herein are subject to amendment due to legislative budget constraints or otherwise deemed appropriate by the college. Current fees shall be posted at the time of any given registration.

Adult Basic Education (ABE) Courses and Programs (Non-College Credit) -

No fees are assessed.

Dependent Child of "Special Risk Members"

Any dependent child of a "Special Risk Member," as defined in section 121.021 (15), Florida Statutes, shall be entitled to a full waiver of tuition and fees if the special risk member was killed in the line of duty. Special members are defined as employees whose retirement application is approved as special risk by the Division of Retirement. Special risk members are usually law enforcement officers, policemen, correctional agency employees in contact with inmates and other employees in the field of law enforcement and fire protection. This waiver shall apply until the child's 25th birthday. Students applying for this waiver must meet regular admission requirements and provide proof of age. The College will obtain documentation from the Division of Retirement certifying eligibility for the special risk member tuition and fee waiver.

Senior Adults (Continuing Education)

A senior citizen, who is 60 years or older and who provides proof of age, which may be driver's license or Jacksonville Transportation Authority pass, may be enrolled for courses on a space available basis. Senior citizens may be admitted into a class once there have been at least ten fee paying students enrolled. Proof of eligibility is to be submitted to the campus Financial Aid office prior to registration.

Former Prisoners of War — Vietnam (Non-College Credit)—

Individuals who were Prisoners of War — Vietnam. Copy of discharge is to be attached to fee statement.

FCCJ Diploma Seeking Students in High School Credit Completion Program --

No fees are assessed.

Employee Reimbursement

FCCJ full-time regular employees and their dependents may be reimbursed for courses taken at FCCJ. The employee or dependent must pay his or her own fees at registration. However, upon proof of satisfactory completion of course work, employees and their dependents will be reimbursed 100 per cent of registration fees, limited to six credit hours per term. For purposes of this fee waiver, dependents are defined as a dependent spouse or dependent child who is under the age of 22, living at home and enrolled as a full-time student.

Schedule for Payment of Fees

All Continuing Education Classes

In order for registration to be complete, fees must be paid at the time of registration.

Seminars and Workshops

As published in announcement, workshops or seminars which require special arrangements may provide no refund of fees if participant cancels after the time specified in announcement.

Fee Refunds, Continuing Education Courses

Requirements

Refunds for cancelled classes will be processed automatically on a timely basis by the Finance Department.

Students who wish to drop a class to receive a refund or clear their financial aid must report to the Campus Student Records office and complete a drop card no later than five business days after the beginning date of class or date shown on the registration receipt, whichever is later. No refund of fees will be made on classes for which the fee is \$5 or less, unless the College cancels the class.

Amounts and Conditions of Refunds or Credit Memoranda

If a veteran's deferment is authorized and the College cancels the class(es) or the registration of a student is cancelled, the deferment will be reduced by the amount of the cancelled class(es) for a student.

Amounts due the College will be deducted before any check or credit memorandum to the credit card account is issued.

Payment Dates

Refund checks or credit memoranda to credit card accounts will be made in accordance with the schedule established by the College.

Cancellation of Classes

If the College cancels a class at any time prior to its completion, the student's enrollment in that class will be cancelled and the student will be entitled to a 100 percent refund of fees paid for that class.

If the College cancels the class or the student's registration, the College will initiate the refund without written application by the student.

Suspension, Termination or Cancellation of Enrollment

The College reserves the right to suspend, terminate, or retroactively cancel the enrollment of any student for any of the following reasons:

1. Disciplinary reasons
2. Non-payment of course fees when payment is due, including non-payment resulting from dishonored checks.

Agency Sponsored Payments

In instances in which a sponsoring agency or organization has agreed in writing to reimburse FCCJ for the registration fees and/or books for a particular student and does not render payment to the College in the prescribed manner, the sponsored student(s) will be liable for any charges incurred on his/her behalf and will be billed by the College. The student will be required to render payment within 10 days of the billing date.
